April 11, 2006

ATTENTION: ALL BIDDERS AND PLAN HOLDERS

RE: C 2932 – Lancaster Road Improvement Project
    R 3027 – Graber Road Improvement Project

ADDENDUM NO. 1

You are hereby notified that the plans and specifications for the above referenced project are amended as explained below.

The Bid Documents are revised as follows:

Add Bid Item 31 - Clean Sand (Truck Measure)

Add Bid Item 32 – Pond Treatment River Rock (Truck Measure).

The Special Provisions section of the Contract Specifications is revised as follows:

Construction special details regarding the Infiltration Pond.

In order to incorporate the above noted changes into this project, the enclosed pages shall be added as follows:

The existing page 6 of the Bid Documents shall be replaced with the enclosed page 6- Addendum - 1.

Add the attached Special – Addendum sheet to supplement the noted sections of the special provisions.

All bidders shall be required to furnish the Yakima County Engineer with evidence of the receipt of this Addendum. This Addendum shall be incorporated in and made a part of the contract when awarded and formally executed.

Gary Ekstedt, P.E.
County Engineer

NOTE: BIDDER MUST COMPLETE PAGE 3 (BID DOCUMENTS) TO CALCULATE THE BID TOTAL.
SECTION 2-03, ROADWAY EXCAVATION AND EMBANKMENT

2-03.1 Description
Section 2-03.1 of the Standard Specifications is supplemented with the following:

(******)
As shown on the Plans, and as directed by the Engineer, the Contractor shall construct Infiltration Pond, located adjacent to Lancaster Road from near Sta. 27+60 RT. to Sta. 28+60 RT.

Since the infiltration Pond is located adjacent to the roadway, the excavation associated with the typical roadway section for Lancaster Road is included in the quantity for “Roadway Excavation Including Haul.”

2-03.2 Materials (New Section)
Section 2-03.2 of the Standard Specifications shall be supplemented with the following:

Clean sand for drainage infiltration ponds shall be graded per Section 9-03.1(2)B fine aggregate for concrete Class 2.

Clean sand shall be mixed with 25% by volume of commercially supplied vegetative compost approved by the Engineer.

2-03.4 Measurement
Section 2-03.4 is supplemented with the following:

Clean sand placed within the infiltration pond will be measured by the cubic yard truck measure.

Pond treatment river rock placed within the infiltration pond will be measured by the cubic yard truck measure.

2-03.5 Payment
Section 2-03.5 of the Standard Specifications is supplemented with the following:

(******)

The unit contract price for "Clean Sand" per Cubic Yard Truck Measure shall be full compensation for providing all materials, labor, and equipment necessary for the work including, but not limited to, mixing, placing, spreading, and shaping.

9-33 CONSTRUCTION GEOTEXTILE

9-33.2 Geotextile Properties
Section 9-33.2 shall be supplemented with the following:

(******)

Construction Geotextile for Separation shall meet the requirements for Geotextile for Separation as listed in Table 3.
