

School Recycling Resources

Yakima County Solid Waste Division

School Recycling Bins

We can help you start a recycling program at your school. Ask us how!

We provide 14 gallon, blue "desk-side" bins for classrooms as a part of a school recycling program. Available K-12.

In addition, 45 gallon ClearStream beverage recycling bins are available for a limited time, for use at Middle and High schools.

Washington Green Schools

Washington Green Schools is a voluntary web-based program that your school can use to reduce it's environmental and carbon footprint.

www.wagreenschools.org

America Recycles Day

Recycling and environmental educational programs are available from the National Recycling Coalition as a part of America Recycles Day.

www.americarecyclesday.org

School Presentations

Presentations to schools on Recycling, Waste Reduction and Composting (red wiggler worms) for grades 2-12.

Household Hazardous Waste Facility

Our Household Hazardous Waste Facility accepts paints, fluorescent lights, chemicals, paints, pesticides, batteries, motor oil and cleaning supplies.

These items are toxic and need to stay out of the landfill.

To make an appointment for your school call 574-2472.

Landfill Tours

We offer tours of the Terrace Heights Landfill March 1st through October 31st.

Call 574-2450 to schedule a tour.
