What is a JIS link? ~

JIS stands for Judicial Information System. The Washington State Courts have developed a method for parties needing frequent access to Municipal, District and Superior Court records. You may click on the link buttons below for additional information and contacts if you are interested in establishing this for your legal office.

The below information relates specifically to “Superior Court” matters only, as the Clerk is the Clerk of Superior Court.

SCOMIS (Superior Court Management Information System)

SCOMIS is the automated system the courts use to manage and report Washington's Superior Court cases. Yakima County Superior Court was the first Court in the State to implement the SCOMIS software on February 1, 1977. Two (2) members of our Clerk's staff were instrumental in working with the proto-type design software, and integrating the needs of the Court system into the overall development of what we now know as SCOMIS. This software is used in every county in the State of Washington on a daily basis. **Management of the overall system is maintained by The Administrative Office Of The Courts (A.O.C.) in Olympia Washington.**

SCOMIS information is filed by county and must be searched for within SCOMIS on a county-by-county basis. When a SCOMIS case number is found in the JIS application, detail level of the case may be viewed within the appropriate SCOMIS court using the display commands. Courts began using SCOMIS in staggered a conversion approach.

CASE TYPES AND INFORMATION AVAILABLE IN SCOMIS:

CASE TYPES AVAILABLE IN SCOMIS

1. **Criminal**
2. **Civil**
3. **Domestic**
4. **Probate**
5. **Adoption***
6. **Mental Illness***
7. **Juvenile Dependency***
8. **Juvenile Offender**
9. **Judgment**
 - ❖ **Restricted case types (not available for public viewing)**

INFORMATION AVAILABLE IN SCOMIS

Screen Name	Description
Search Index	Allows you to search by county, case type, and name and provides a list of cases that match the search criteria.
Search Attorney	Allows you to search for Washington attorney information by name and provides telephone and address information.
Accounting	Displays docket accounting information.
Archive	Displays date case archived, date case off-line, and microfiche or microfilm reference information.
Attorney	Displays attorney name, address, and telephone information based on a Washington State Bar Association number.
Basic	Displays the filing date, case title, cause of action, resolution, completion and consolidation information.
Calendar	Displays total number of cases set on a calendar for a given date or date range and displays detail information about cases set on a calendar such as case title, case number, and action.
Charge	Displays charges in criminal and juvenile offender cases, including amended charges, defendant resolution code and resolution date.
Docket	Displays a chronological record of documents filed, fees assessed and received, calendar dates, hearings held, and microfilm numbers.
Names	Displays a list of litigants involved in the case and their attorneys.
Schedule	Displays case flow management information to help a court establish milestone events for a case and target completion dates for the events (only used by a few courts).
Sentence	Displays sentencing information for criminal and juvenile offender cases.
Status	Displays time-in-process statistics and a detailed case status history.
Summary	Displays case time-in-process summary information.
Find Judgments	Displays all judgments associated with a particular case.
Help Windows	Field level and screen level help windows are available (except for Attorney, Calendar, and Schedule) by positioning the cursor on the filed in questions and pressing the F1 button (BlueZone access only).

For cases that have been archived or moved off-line, docket and attorney information is not available. To obtain this information, you will need to contact the court of record.

Management of the overall system is maintained by The Administrative Office Of The Courts (A.O.C.) in Olympia Washington. All questions should be directed to that office.

If you are interested in subscribing, please click the JIS button below. Please see the Technical Requirements and Getting Started sections.
