

AGENDA

HEARING EXAMINER

DATE: Thursday, September 5, 2019 **TIME:** 9:30 a.m.

LOCATION: Yakima City Hall Chambers

CASE: CUP2019-039/sep19-011 - Velocitel Cell Tower

The applicants are proposing to install a new wireless communication facility on a currently parcel that has an existing communication tower. The intent is to provide expanded cellular coverage. The facility will be within a 40' x 60' fenced area and include a 130' monopole, radio equipment cabinets, and a backup generator. The monopole, antennas, and appurtenances will be designed to have a light, natural-toned non-glare finish to blend in with surroundings. The facility will be unplumbed and unstaffed. There will be occasional field visits 1-2 times per month. The site will be operational 24 hours a day, 7 days a week. Access to the facility is via an existing gravel farm access road.
