

Memorandum

To: Honorable Mayor and City Council Members

From: Bob Harrison, City Manager

Date: June 24, 2021

RE: SWAT costs

The City of Yakima maintains a specialized weapons and tactics team (SWAT) which is both a City asset as well as a regional asset. Under City Resolution (likely different at the County) R-2016-009, the City entered into an interlocal agreement (ILA) between the Yakima Police Department and the Yakima County Sheriff's Office to jointly cooperate and form a Critical Response Unit (CRU) that incorporates maintaining a SWAT team and Crisis Negotiations Team (ILA enclosed).

The enclosed memorandum from the Finance Director and Police Chief is focused on the cost distribution of the SWAT program. The City will continue to invest in and maintain a SWAT unit which is an important part of the police services provided to our community. However, the structure of the current ILA results in an inequitable distribution of the costs of service and response.

Under Section 4, Personnel and Supervision, the agreement states that each participating agency shall bear the financial responsibility for its own employees including, but not limited to, salary, benefits, and workers compensation insurance in accordance with each agency's policy.

However, there is a significant variance between the cost of providing the service and the distribution of those costs relative to the value received (e.g. where the calls are located). As reflected in the attached memorandum, it is estimated that the City's cost of providing SWAT services is approximately \$700,000 annually. Based on usage of SWAT, the City is receiving approximately 60% of the benefit and the County 40% (this includes all other cities within the County). Applying that formula to overall expenditures, the City is estimated to spend \$700,000 annually, but receives only \$400,000 of benefit from the in-field use of SWAT and the balance, \$300,000 is the approximate cost for outside the City boundaries.

In addition to the personnel costs, the City takes on the liability of damages to personal property, claims, insurance and litigation (these costs aren't addressed in the ILA). The City would have to do a more detailed analysis of these costs but for the purposes of the analysis provided by the Finance Director and Police Chief, they used a general estimate of 10% of the cost (approximately \$70,000) of the \$700,000 estimate.

Given the upcoming ballot renewal of the public safety levy, there needs to be discussion with the County Commissioners about the inequities in the financial model being utilized by the agencies to provide this service.

**INTERLOCAL AGREEMENT FOR LAW ENFORCEMENT
MUTUAL AID BETWEEN
THE YAKIMA POLICE DEPARTMENT and
THE YAKIMA COUNTY SHERIFF'S OFFICE**

WHEREAS, law enforcement agencies have the responsibility of protecting lives and property and keeping the peace; and

WHEREAS, it is necessary and desirable that a cooperative agreement be executed for the purpose of forming and maintaining a Critical Response Unit ("CRU") that incorporates both a Special Weapons and Tactics ("SWAT") team and Crisis Negotiations Team ("CNT") comprised of commissioned officers from both agreeing agencies which is capable of responding to incidents of a high risk nature, and

WHEREAS, multi-agency participation in this agreement is possible by Chapter 10.93 RCW (Mutual Aid Peace Officers Powers Act) and Chapter 39 34 RCW (Interlocal Cooperation Act)

NOW THEREFORE, it is mutually agreed as follows;

1. PARTICIPATING AGENCIES

The agencies that have agreed to participate in this Memorandum of Understanding ("MOU") are the Yakima County Sheriff's Office and the Yakima Police Department (referred to herein as this "Agreement")

2. DURATION AND TERMINATION

This Agreement shall become effective on the date it is executed by both signing parties and is intended to be indefinite. Any agency may terminate their participation in this Agreement without cause, by providing no less than thirty (30) days written notice to all parties signing this document, PROVIDED that any obligation or liability arising directly or indirectly for an occurrence prior to the date sought for such termination shall not be excused.

3. PURPOSE

The primary purpose of the CRU team is to provide specialized support in handling critical field operations where special tactical deployment methods beyond the capacity of field officers appear to be necessary. Such operations include but are not limited to hostage taking, barricaded suspects, snipers, execution of high-risk search warrants, terrorist acts and other high-risk incidents.

4. PERSONNEL AND SUPERVISION

Each participating agency shall bear the financial responsibility for its own employees including but not limited to salary, benefits, and workers' compensation insurance in accordance with each agency's policies

Day to day operations of the CRU team will be supervised by a member(s) of the Yakima Police Department designated as the CRU Team Commander, and Team Leaders as necessary.

Selection of Yakima County Sheriff personnel assigned to the CRU team will be the responsibility of the Yakima County Sheriff in consultation with the Team Commander. Personnel assigned to CRU must meet minimum qualifications and maintain team standards as outlined in the CRU policies.

The selections process will include but not be limited to an oral board, physical agility test, and a SWAT basic handgun and rifle qualification course.

Once assigned to the CRU team, each member will be required to maintain a passing score on the physical fitness evaluation and the firearms qualification no less than twice yearly. They must also meet training attendance standards as per the Standard Operating Procedures of the CRU team.

Personnel and agency specific matters that arise from conduct other than when deployed or assigned to the CRU are to be handled through the officer's respective agency per its policy and procedure protocol. Any conflict in agency/CRU policies must be immediately presented to the CRU commander and the officer's supervisor.

5. PROPERTY AND EQUIPMENT

No transfer of any property between the parties or to any third party is provided for by this Agreement. No fixed assets or personal or real property will be jointly or cooperatively acquired, held, used, or disposed of pursuant to this Agreement.

Each agency will furnish required firearms, ammunition, duty belt, holster accessories, ballistic vests, chemical mask and carrier, and portable radio equipment capable of transmitting and receiving messages on its local and State Police Radio Network. Each agency is responsible to provide the member with the appropriate uniform (as designated by the CRU Commander) that identifies the officer as a member of law enforcement, as well as weather resistant garments as designated by the Team Leader.

Each team member has the responsibility for appropriate security and use of CRU team equipment and vehicles assigned to the CRU and should seek approval from a Team leader prior to the use of CRU assigned equipment.

6. RECORDS AND REPORTS

CRU activation reports and incident reports will be maintained by the Yakima Police Department under the control of the Team Commander.

7. USE OF WEAPONS/FIREARMS

Team members will follow the Standard Operating Procedures and guidelines for the SWAT team in the use of firearms. No automatic weapons will be deployed without consent of the Team Commander or designee except in exigent circumstances.

All weapons and equipment used by the members shall be approved by the CRU Commander, including any modifications, additions or attachments. Repair, maintenance and replacement are the responsibility of the owner agency of the weapon and/or related equipment.

8. NOTICES

Unless stated otherwise herein, all notices and demands shall be in writing and sent to the parties at their respective addresses as follows:

To the City of Yakima: Chief of Police
Yakima Police Department
200 South Third Street
Yakima, WA 98901

To the Yakima County Sheriff's Office: Yakima County Sheriff
Yakima County Sheriff's Office
1822 South First Street
Yakima, WA 98903

or to such other addresses the parties may hereafter designate in writing. Notices and/or demands shall be sent by registered or certified mail, postage prepaid. Such notices shall be deemed effective three (3) business days, excluding holidays, after mailing or immediately upon being hand delivered to the address specified above.

9. LIABILITY AND INDEMNIFICATION

Each party hereto shall be responsible and assume liability for its own wrongful or negligent acts or omissions, or those of its officers to the fullest extent required by law, and shall save, indemnify, defend and hold harmless all other parties from such liability. In the case of negligence of more than one party to this Agreement, any damages shall be in proportion to the percentage of negligence attributed to each party, and each party shall have the right to contribution from the other party in proportion to the percentage of negligence attributed to the other party. Nothing contained in this section of this Agreement shall be construed to create a liability or a right of indemnification in any third party. The provisions of this section shall survive the termination or expiration of this Agreement.

10. MISCELLANEOUS

Any provision of this Agreement that imposes an obligation that continues after termination or expiration of this Agreement shall survive the term or expiration of the Agreement and shall be binding on the parties to this Agreement. This Agreement shall be governed by and construed in accordance with the laws of the State of Washington. The venue for any action to enforce or interpret this Agreement shall lie in Yakima County, Washington.

11. **FILING**

Pursuant to RCW 39.34.040 regarding methods of filing agreements pursuant to the Interlocal Cooperation Act, a copy of this Agreement shall be filed with the Yakima County Auditor, or, alternatively, listed by subject on the public agency's website or other electronically retrievable public source.

IN WITNESS WHEREOF, the parties have executed this Memorandum of Understanding.

RE: Annual Cost of SWAT operations

This is to provide data to inform a discussion concerning the City of Yakima's cost of providing SWAT police operations inside and outside the City of Yakima.

Logistics

SWAT operations require a level of preparedness that includes knowledgeable, experienced officers, training, equipment and support. Staff consists of SWAT officers and trained negotiators. SWAT-specific training consists of 20 hours monthly plus a week-long training annually. There is equipment required specific to SWAT that is issued to each officer.

When incidents occur, Yakima SWAT deploys, whether it is inside the city or outside the city. Some incidents outside the city do stem from Yakima Police Department investigations. There are two color-coded charts attached that detail whether specific SWAT activations required the full team or a partial team, were pre-planned missions, how many hours were required of each, and limited address and incident data.

The takeaway is that Yakima SWAT is the only SWAT team in the area. The Yakima SWAT team consists of members from the Yakima Police Department and Fire Department (27), Yakima Sheriff's Office, (5), Union Gap Police Department (3), Grandview Police Department (2), Washington State agencies (3) and volunteer medical and mental health (4).

The City of Yakima supplies the largest number of officers to the Yakima SWAT team and thus bears the largest logistical expense for both personnel and equipment.

Cost Analysis

Finance department staff analyzed the cost of SWAT training, equipment and deployment based on a three-year history of activity supplied by Police department staff. The following summarizes the cost analysis spreadsheet that is attached.

Cost Estimate. Staff estimates that the total cost of city-provided Personnel, equipment, and share of administrative costs is \$700,000. This excludes costs provided by other agencies.

In-City vs. Outside City. Based on historical data from 2018 through the present, 56% of the personnel time was for incidents inside the city or from incidents stemming from in-city investigations; 44% of personnel time was for outside-city incidents.

Cost-Sharing. Therefore, based on the above data, the share of cost for In-city SWAT is approximately \$400,000 and outside-city is \$300,000.
