Describe Fiscal Impact:

\$1,100,000. This is 75% of the \$1.4M Budgeted Annual Road Surface Stabilization Program project #3745

Background Information:

Yakima County developed the Gravel Road Surface Stabilization Program to mitigate impacts to dust sensitive agricultural crops, improve quality of life for residence, assist in reducing dust particles in PM10 air quality attainment areas, improve traffic safety, and reduce gravel road maintenance cost by limiting rock loss and continual grading. The initial practice of providing dust control products to various county roads began in 1975. Public expectancy, dramatic

Summary & Recommendation:

Yakima County road maintenance staff and Yakima County Engineer recommend the Board of County Commissioners pass a resolution to award bids for the purchase of 2022 Gravel Road Surface Stabilization Materials to GMCO Corporation and Envirotech Services, INC.
