

ACKNOWLEDGEMENTS

This document was prepared by KCM, Inc. (KCM) under the direction of David Carlton, P.E., for Yakima County Department of Public Works. Roy A. Simonson, P.E., County Surface Water and Utilities Manager, served as the project manager for the Yakima County.

The primary authors of this document are Robert Molacek and Jeffrey Henderson of KCM. David Silas provided editorial review and report production support. We also acknowledge word processors Roberta Johnson and Pat Asper of KCM for their assistance throughout the study. Graphics support was provided by Dan Portman and QA/QC review was provided by Mort Thomas, P.E., both of KCM.

Several others assisted in the development of this report. Issue development and alternative selection was performed with assistance from Advisory Committee members listed below. Huibregtse, Louman Associates conducted a floodplain survey and collected high water elevations. Charles F. Buzzard, of Yakima County Department of Public Work, assisted greatly in providing GIS data and maps. Erika Lacey, of FEMA, provide GIS flood data and maps describing flood damage resulting from the February 9, 1996 flood. Walker and Associates and Washington Department of Transportation provide aerial photographs. Historical photographs were provided by Yakima Herald-Republic and Yakima County.

UPPER YAKIMA RIVER CFHMP ADVISORY COMMITTEE MEMBERS

Dan Arnett	Yakima County Chamber of Commerce
David Carlton (County staff)	KCM, Inc.
Guy Couture (ret)	Washington State Department of Transportation
Tom Durant	Yakima County Planning Department
Steve Erickson	Yakima County Planning Department
Katherine Gempler	League of Women Voters
Dan Olsen	Mayor, City of Union Gap
Perry Harvester	Washington State Department of Fish and Wildlife
Jess Heaverlo	Yakima County Diking Improvement District No. 1
Daniel Hesse, P.E.	Yakima County Department of Public Works
William Jenson	Yakima County Diking Improvement District No. 1
Wayne Kalbfleisch	Central Premix
Glenn Miller	Trout Unlimited
Jeff Louman (County staff)	Huibregtse, Louman Associates, Inc.
Robert Molacek (County staff)	KCM, Inc.
Darrell Monroe	Washington State Department of Ecology
Scott Nicolai	Yakama Indian Nation
Bill Rathbone	City of Union Gap
Roy Simonson, P.E.	Yakima County Department of Public Works
Dan Valoff	City of Yakima Planing Department
Cec Vogt	Yakima Greenway Foundation

Upper Yakima River Comprehensive Flood Hazard Management Plan

TABLE OF CONTENTS

<i>Title</i>	<i>Page No.</i>
Acknowledgments	i
Table of Contents	iii
List of Tables.....	viii
List of Figures	x
List of Abbreviations.....	xi
Executive Summary	ES-1
Approach	ES-1
Recommended Actions.....	ES-3
Regulatory Measures.....	ES-3
Land Use Recommendations	ES-5
Public Education and Awareness Recommendations.....	ES-6
Planning, Evaluation, and Data Collection Recommendations.....	ES-7
Enhancements to Flood Control Structures and Roads	ES-9
Funding Recommendations	ES-10
1. Introduction	1-1
Background.....	1-1
Flooding Issues in Study Area	1-1
Principles of Flood Hazard Management	1-2
Authority and Scope for Yakima County CFHMP	1-2
Plan Development Process.....	1-3
Involving the Public and Affected Agencies	1-3
Defining Goals and Objectives.....	1-6
Collecting Data	1-6
Related Studies.....	1-8
<i>Plan 2015 - Yakima County's Comprehensive Plan</i>	1-8
Yakima County Revised Flood Insurance Study	1-9
Flood Control Assistance Account Program	1-9
Funding	1-9
Requirements for CFHMPs	1-10
Applicant Eligibility	1-10
Maintenance Project Eligibility	1-11
Emergency Projects.....	1-11
Required Consultation with Other Agencies.....	1-11
2. Study Area Characteristics	2-1
Yakima River Basin	2-1
Study Area Limits.....	2-2
Upper Reach—Yakima Canyon to Selah Gap	2-2
Middle Reach—Selah Gap to SR 24 Bridge.....	2-4

Lower Reach—SR 24 Bridge to Union Gap.....	2-5
Physical Characteristics	2-5
Climate	2-5
Hydrology.....	2-5
Geology	2-8
Soils.....	2-10
Wetlands	2-10
Fisheries and Wildlife	2-11
Vegetation	2-12
Water Quality	2-13
Socioeconomic Characteristics.....	2-15
Jurisdictional Boundaries	2-15
Population.....	2-15
Land Use	2-16
3. Previous Studies.....	3-1
Revised Preliminary Yakima County Flood Insurance Study	3-1
Estimated Flood Flows.....	3-1
Hydraulic Computer Modeling.....	3-3
Flood Insurance Rate Maps, Floodway Maps, and Flood Boundary Maps	3-4
1970 Floodplain Information; Yakima and Naches Rivers.....	3-5
1973 Floodplain Information; City of Selah and Vicinity	3-6
1978 Yakima-Union Gap Flood Damage Reduction Report.....	3-6
Alternative 1—No Action.....	3-7
Alternative 2—Floodplain Management Alone.....	3-7
Alternative 3—Floodplain Management with Additional Flood Control Storage.....	3-8
Alternative 4—Floodplain Management with Levees	3-8
Alternative 5—Floodplain Management with Channel Modification.....	3-8
Alternative 6—Purchase of Development Rights	3-8
Alternative 7—Purchase of Floodway.....	3-10
Recommended Plan.....	3-10
1986 Yakima-Union Gap Flood Control Project.....	3-10
1991 Yakima River Flood Evaluation for Yakima County Diking District No. 1	3-11
Estimated Flood Flows.....	3-11
Review of Historical Floods	3-11
Issues Identified as Affecting Flood Risks	3-12
Assessment of Previous Studies	3-12
Key Results	3-13
4. Yakima River Flooding Characteristics	4-1
Common Flood Characteristics	4-1
Flood Magnitude.....	4-1
Flood Duration	4-2
Channel Migration.....	4-2
Sediment Transport and Deposition	4-2

	Effects of Levees.....	4-3
	Effects of Roads and Bridges.....	4-3
	Effects of Reservoir Storage.....	4-4
Flood History		4-4
	February 9, 1996, Flood	4-5
	November 30, 1995, Flood	4-8
	February 1995 Floods	4-9
	November 26, 1990, Flood	4-12
	December 27, 1980, Flood	4-12
	December 2, 1977, Flood	4-13
	December 4, 1975, Flood	4-14
	January 16, 1974, Flood	4-14
	March 14, 1972, Flood.....	4-15
	May 29, 1948, Flood	4-15
	December 23, 1933, Flood	4-16
	Summary of Historical Floods	4-16
Historical Flood Improvement Projects		4-17
5. Flood Control Facilities and Programs		5-1
	Facilities Inventory	5-1
	Federal Levees and Drainage Structures.....	5-1
	Public Law 84-99 Levees.....	5-2
	Other Flood Control Works.....	5-2
	Operation and Maintenance	5-2
	Special Districts.....	5-7
	Other Flood-Related Programs.....	5-7
	Yakima Greenway Foundation.....	5-7
	Yakima River Watershed Council	5-14
	Yakima River Basin Water Enhancement Project	5-14
6. Regulations		6-1
	Summary of Existing Regulations.....	6-1
	County Regulatory Tools for Flood Hazard Management.....	6-1
	Permitting Requirements.....	6-9
	SEPA/GMA Integration	6-9
7. Alternative Analysis Approach.....		7-1
	Flooding Issue Identification	7-1
	Flood Hazard Management Options	7-1
	Nonstructural Measures	7-1
	Structural Measures.....	7-2
	Alternative Analysis and Selection.....	7-3
	Considerations for Evaluating Alternatives	7-4
	Alternative Selection	7-5
8. Analysis of Flood Mitigation Alternatives		8-1
	LR5—Additional Flood Protection below SR 24.....	8-1

MR2—Yakima Beech Street Gravel Pit Levee, and UR5—East Selah Gravel Pit Levee	8-9
MR5—Development near Hartford Road, and UR2—Development of Pomona, East Selah Areas, and LR4—Development near Riverside Road.....	8-13
RW1—Floodplain Mapping, and MR1—Gordon Lake Levee	8-17
RW13—Funding for Flood Control Work and Restoration Projects.....	8-20
RW11—Inconsistent Land Use and Zoning in the Floodplain	8-21
RW6—Public Disclosure of Floodplain Status	8-24
RW12—Protection of State and County Roads	8-25
RW3—Channel Migration, and LR3—Protection of Private Property below SR 24, and LR1—Erosion of Agricultural Land, and UR1—Erosion of Agricultural Land.....	8-28
RW9—Diversity of Opinions Relating to River Management, and RW8—County Policy on Flood Hazard Management	8-29
RW4—Flood Hazard Ordinance, and RW5—Revision and Consistency of Critical Areas Ordinance	8-32
LR3—Increased Flood Elevation near Union Gap.....	8-40
RW14—Use of Nonstructural versus Structural Flood Control	8-42
RW2—Loss of Fisheries Habitat and Riparian Areas, and MR8—Borrow Pit Levee Upstream of Terrace Heights Bridge.....	8-43
RW17—Existing Structures in the Floodplain.....	8-46
RW16—Operation and Maintenance of Flood Control Facilities.....	8-49
RW10—Acquisition/Preservation of Floodplain Open Space	8-51
RW19—Flood Warning and Emergency Response	8-54
RW7—Flood Insurance and Public Education, and RW18—Community Rating System	8-58
RW15—Use of Geographic Information (GIS) Data.....	8-62
OSA1—Continued Flood Damage Outside the CFHMP Study Area.....	8-66
MR4—Right Bank Yakima River Levee Near Boise Cascade Pond, and MR6—Flood Damage to Greenway path Near Boise Cascade Pond	8-67
LR6—Spring Creek Backwater Flooding	8-68
MR3—KOA Campground Levee	8-71
MR7—Flood Damage to Robertson Landing, and UR3—Flood Damage to Harlan Landing, and UR4—Inundation of Elks Golf Course.....	8-71
9. Funding Options.....	9-1
Funding Sources	9-1
County Administrative Options.....	9-1
External Funding Sources.....	9-9
Funding Source Evaluation.....	9-18
Evaluation Criteria.....	9-19
Programs to be Funded.....	9-19
Procedure for Evaluating Funding Options	9-20
Funding Analysis.....	9-20
Recommended Action.....	9-22

10. Recommended Actions 10-1

- Regulatory Measures..... 10-1
 - Expand the Overlay Zone..... 10-1
 - Modify Ordinances to Reduce Flood Hazards and Increase Regulatory Consistency 10-1
 - Adopt or Develop Flood Hazard Management Policies..... 10-4
- Land Use Recommendations 10-5
 - Modify Land Use Plans and Development Regulations..... 10-5
 - Promote Open Space in the Floodplain..... 10-6
- Public Education and Awareness Recommendations..... 10-6
 - Additional Flood Hazard Management Personnel..... 10-6
 - Enroll in the Community Rating System 10-6
 - Perform a Detailed Flood Audit of Floodplain Structures 10-7
 - Disseminate Floodplain Information 10-8
 - Provide Guidance on Private Bank Protection Projects 10-8
- Planning, Evaluation, and Data Collection Recommendations..... 10-8
 - Develop Long-term Gravel Management Plan 10-8
 - Obtain Accurate Floodplain Maps 10-9
 - Expand the CFHMP to Include Entire County..... 10-10
 - Gather and Maintain Flood Hazard Data 10-10
 - Consolidate Flood Facility Maintenance Requirements 10-11
 - Enhance Flood Warning and Emergency Response..... 10-11
 - Promote Fish Habitat Enhancement 10-11
- Enhancements to Flood Control Structures and Roads 10-12
 - East Riverbank Levee Downstream of SR 24..... 10-12
 - Beech Street Gravel Pit Levee..... 10-13
 - East Selah Gravel Pit Levee 10-13
 - Gordon Lake Levee..... 10-14
 - KOA Campground Levee..... 10-14
 - Roads Within the CFHMP Study Area..... 10-14
- Funding Recommendation..... 10-15
