

# **DRAFT**

## RCIM Work Group Meeting Agenda

September 26, 2013

- Discuss Work Plan progress and milestone for the RCIM work group to make sure progress is being made in developing the work plan
- Review WAC 173-100 and RCIM Work Plan
- Discuss established goals and objectives
- Discuss other potential sources of nitrate related to this work group
- Coordinate with HDR/PgG to find out what information they might need from this working group (e.g. location and other information about septic tanks, etc)
- Discuss coordination with other work groups
