### Program Description:

The County Assessor's Office annually appraises and places value on 105,481 parcels of real and personal property with an assessed value in excess of \$9,646,266,867. Appraisers are required by law to inspect at least 1/6 of the real parcels or approximately 16,000 parcels each year. The office administers, maintains, and audits over 10,000 personal property accounts on an annual basis.

Assessors' Office staff calculates property tax requests for every taxing district in the County on an annual basis, auditing and verifying that statutory limitations are not exceeded and establishes levy rates based on the districts' requests. Rates are certified to the County Commissioners and then passed on to the County Treasurer's Office for collection.

The Assessor's Office administered over 5,572 Senior Citizen/Disabled applications and renewals.

The office processes approximately 1,000 open space removals and/or continuances every year in addition to auditing over 10,700 parcels for compliance in the State Open Space – Farm & Agricultural classification.

The Assessor's staff creates and maintains all new and ongoing parcel change information and is responsible for the mapping information for the County.

### Major Objectives:

- Provide excellent customer service to the property owners and other departments of Yakima County for all requests for information or questions regarding real and personal property.
- Continue the computerization of the parcel mapping information for the County.
- Computerize the segregation process for new parcel creation within the County.
- Convert the appraisal software program to integrate it with the assessment computer system shared with the Treasurer's Office.
- Continue to improve the office's website to provide public access to information through public terminals and the Internet.
- Meet all statutory requirements for completion of levies, assessments, and addition of new construction to the assessment roll.
- Streamline procedures to insure maximum productivity of our staff.

### Program Description:

Expenditures from this program benefit the County as a whole and do not benefit any one particular department.

This fund was set up as a distribution point to fund activities that don't relate to a "department specific" operation.

### Major Objectives:

The major expenditures budgeted in Non-Departmental are for contribution to the Law Enforcement Officers and Fire Fighters (LEOFF) Benefit Fund, Health District, the annual County audit by the Washington State Auditor's Office, intergovernmental assessments, and interfund transfers. Interfund transfers include the County's share of operational costs for the Department of Corrections and annual debt payments on bonds. Membership fees in various governmental associations are also paid out of this fund.

### Revenue/Expenditure Comment:

Funding comes directly out of local tax dollars and the general tax dollars of the County. Operation fees for such departments as Clean Air and the Health District are funded through Non-Departmental. General Fund Debt Service obligations are also paid for through Non-Departmental.

### Program Description:

The County Treasurer's Office serves as the receipting and banking center for all Yakima County departments, junior taxing districts, and benefit assessment districts. The Treasurer's Office also bills, collects and distributes property taxes and assessments for all districts, cities and the State. Other responsibilities include: processing real estate excise tax affidavits and mobile home moving permits as an agent for the State Department of Revenue; billing and collecting for road and local improvement districts; management of cash flow for the County's general fund; investment and portfolio management for all County agencies; providing forecasting information for major County revenues; management of all public financings for the County and meeting disclosure requirements for those financings; and serves as Treasurer for the Yakima County Public Corporation.

The Treasurer's Office complies with diverse and complex regulations, including Federal, State and local laws. As the banking and treasury center for the County, the Treasurer must meet required internal control standards affecting operations, including those of automated systems. These standards remain a focus to insure the public's trust and minimize risk.

### Major Objectives:

- This department continues to make efforts to maintain mandated services that comply with the baseline budget methodology used by the County, while still meeting the regulatory requirements of State and Federal agencies.
- Focus will be directed toward communicating to the public and legislative bodies, at the state and local levels, of the risk and/or fiscal impacts of a limited operational budget.
- The department will continue to monitor and provide fiscal notes for tax legislation that is pending action in the State Legislature.

### Revenue/Expenditure Comment:

This department works within the budget appropriated and makes attempts to accommodate the required assimilation of increased costs as well as increased mandates from all levels of government and other regulatory agencies. Efforts are being made to minimize the impact on service to the taxpayers and other business partners due to limited budgets.

### Program Description:

It is the duty of the County Coroner to assume jurisdiction over all bodies of deceased persons who come to their deaths suddenly and without medical attendance. This applies to circumstances which indicate death was caused by unlawful or unnatural means or where a death occurs under suspicious circumstances. It also applies to cases where a Coroner's autopsy or inquest is to be held; or where death is by violence. The jurisdiction of the Coroner also extends to the body of a deceased who, although not physically seen by physician within 36 hours preceding death, was generally under a physician's care for a number of years prior to his death.

It is the Coroner's responsibility to equip and maintain the County Morgue.

### Major Objectives:

Continue to provide quality death investigations through cooperation with police agencies, medical community, prosecutor and the funeral home industry.

### Revenue/Expenditure Comment:

The State of Washington pays for 40% of all autopsy costs and reimburses the County semi-annually.

### Program Description:

"The Sheriff is the chief executive officer and conservator of the peace of the county." The functions of the Sheriff's Office primarily fall into three categories: law enforcement, civil process, and emergency operation.

### Major Objectives:

- Respond as quickly as possible to calls for service.
- Provide quality investigations and follow-up.
- Serve civil papers and warrants.
- Enhance community policing/problem solving.
- Provide directed traffic enforcement.

### Revenue/Expenditure Comment:

Recent county wide revenue short falls have impacted the Sheriff's Office. Focus will be on those services most vital to public safety.

### Program Description:

The Department of Assigned Counsel provides mandated legal defense services to indigent persons charged with criminal cases or loss of personal liberty in the District and Superior Courts of Yakima County, excluding misdemeanors in municipal courts. The department maintains a centrally administered system and provides defense services through: (1) a public defender office within the Department of Assigned Counsel; (2) contracts with attorneys offering public defense services; and (3) a list of private attorneys who wish to provide defense services.

Effective January 1, 2010 the responsibility to administer and budget experts and support services for indigent defense was transferred by the courts to the Department. The Department adopted new policies and procedures in early 2010 and has been administering these expenses since then. Expenses are unpredictable and depend on actual experience and this fund is necessarily separate and subject to requests for additional funds if the budgeted funds are not adequate. This includes Aggravated First Degree Murder cases, which are not otherwise funded in the Department regular budgets.

Yakima County has a significant criminal caseload disproportionate to its size and population. The Department was formed in 1989 in response to a need to meet increased caseload demands and to manage mandated defense services.

The nature of indigent defense is both reactive and constitutionally premised. The Department cannot control the number or nature of cases filed by law enforcement and prosecution and to which its attorneys are appointed. Once appointed, both the Department and its attorneys must adhere to professional standards and obligations in providing constitutionally required 'effective assistance of counsel', which also is necessary to avoid personal and professional sanctions.

An inadequate budget for the Department means that some cases will not be serviced. In that instance, the courts must appoint and compensate counsel anyway or ultimately dismiss cases.

### Major Objectives:

**Caseload Standards:** A continuing primary focus of concern is meeting mandatory State caseload standards for Adult Felony and for Juvenile Offender (effective October 1, 2013) and caseload standards for District Court (effective January 1, 2015). Caseload standards for all courts require some adequate funding to assure effective and efficient operations.

At the time of budget preparation for 2017 it appears that caseloads are stable in District Court and Juvenile Court but have sharply increased in Superior Court, felony cases. Significant additional resources will be needed for this area of operation and have been requested. Due to caseload standards, filings and case assignments are monitored so that adjustments to Yakima County's public defender delivery can be made to meet the mandate and provide effective representation at all levels of operation.

**Case Management Software and Changing Work Environments:** The DAC has finalized implementation of new case management software, Justware. The new software allows for several efficiencies and innovations that were not available prior to 2016. In 2016, the DAC has slowly moved toward a “paper-light” work environment. In 2017, the project will be expanded to full use by staff attorneys in an on demand business environment.

**First Appearance Defender:** Prior to 2016, the Superior and District Courts received grants and county funding to plan and implement a pre-trial services unit. Planning was conducted in 2015, with full implementation the 1<sup>st</sup> quarter of 2016. The Department was involved in the Planning Committee for the project and continues to fully participate. During the planning process it was clear that there was a need for a public defender at first appearances in the Superior and District Courts, as well as an experienced prosecutor, both of whom will work with a pre-trial risk assessment tool for evaluating and presenting information to the court for better-informed released decisions. Prior to 2016, the Yakima County DAC was not funded to provide a public defender at this initial hearing. Both the DAC and prosecutor were partially funded for a full position each during 2016. Those positions and funding remain for 2017. The First Appearance dockets in both courts are “critical” stages of the proceedings for defendants. The courts are faced with determinations on probable cause and decisions regarding a defendant’s liberty. Case law interpreting the 6<sup>th</sup> Amendment to the U.S. Constitution requires that indigent defendants be afforded the assistance of counsel at all stages of proceedings implicating liberty, “critical” stages. Yakima County is currently in constitutional compliance with this mandate. Even if Yakima County had not implemented its Pretrial Services Program, including public defender services, in February of 2016, providing a constitutionally mandated presence of a public defender at first appearance would be a priority.

**Therapy Courts:** Yakima County has four (4) major therapeutic courts: Drug Court, Mental Health Court, Family Treatment Court, and DUI Court. Most funding and grants for operation of therapy courts is allocated to courts. Prosecution and defense receive little to nothing in funding for our involvement in therapy courts. Essentially these services are volunteered using existing budgets and staff. It is becoming increasingly difficult to serve these courts, especially in light of mandatory caseload standards, changes in the criminal dockets adopted by the courts, and increasing caseloads in Superior Court. While the Department continues to support therapeutic courts in concept and policy, there may be a point in time where we cannot continue to participate unless dedicated funding is provided.

### REVENUE COMMENTS:

This program is financed by the general fund as part of the criminal justice system. The services provided by the Department are constitutionally and legally mandated legal defense services to indigent persons and revenue is generally not generated. Partially indigent persons and persons convicted are required to repay all or a portion of defense costs under programs administered by the Superior and District Courts. Such revenues are collected by the courts but are reflected as revenue for the Assigned Counsel.

The Department does receive limited State funding or reimbursement in some areas:

1. The State partially reimburses Juvenile Court agencies, including the Department, for costs involved in the representation in "Becca" cases in Juvenile Court.
2. The State assumed the responsibility for representation of parents in child dependency and termination proceedings in 2005. The Department contracted with the State Office of Public Defense to provide some of those services until 2015 when the contract expired and State OPD became fully responsible for these services. The county remains responsible for representation of children in active dependency cases before parental termination.
3. The State administers a formula grant fund for the express purpose of improving the indigent defense programs in counties and some cities. This is administered by the State Office of Public Defense and Yakima County has been participating since the inception of this program in 2007.
4. In 2012 the State assumed the responsibility for directly funding and administering the expenses involved with sexually violent predator petitions. Before that time the county advanced the expenses and filed reimbursement claims with the State.
5. Finally, in 2014-15 the State mandated representation for all children in dependency cases if all parental rights had been terminated, but also provided funding for such programs. This program was assumed in full by the State Office of Civil Legal Aid effective July 1, 2015 and is no longer in the department budget.

### Program Description:

The Department of Assigned Counsel provides mandated legal defense services to indigent persons charged with criminal cases or loss of personal liberty in the District and Superior Courts of Yakima County, excluding misdemeanors in municipal courts. The department maintains a centrally administered system and provides defense services through: (1) a public defender office within the Department of Assigned Counsel; (2) contracts with attorneys offering public defense services; and (3) a list of private attorneys who wish to provide defense services.

Yakima County has a significant criminal caseload disproportionate to its size and population. The Department was formed in 1989 in response to a need to meet increased caseload demands and to manage mandated defense services. The nature of indigent defense is both reactive and constitutionally premised. The Department cannot control the number or nature of cases filed by law enforcement and prosecution and to which its attorneys are appointed. Once appointed, attorneys must adhere to professional standards and obligations in providing constitutionally required 'effective assistance of counsel', which also is necessary to avoid personal and professional sanctions. This includes expert and support services when needed.

Effective January 1, 2010, the responsibility to budget and administer experts and support services for indigent defense cases was transferred from the Courts to the Department. The Department adopted new policies and procedures in early 2010 and has been administering these expenses since then. Request are patterned after the traditional form of application to the court and court order and must demonstrate necessity and reasonableness before being approved. Expenses are unpredictable and depend on actual experience.

The fund is necessarily separate from the Department's other operational budgets as required by the State Rules of Professional Conduct for attorneys and is subject to requests for additional funds if the budgeted funds are not adequate. This Fund pays all defense expenses, including specialty attorneys, for Aggravated First Degree Murder cases (possible punishment of death), which are not otherwise funded in the Department's regular budgets.

### Major Objectives:

Major objectives include developing and maintaining appropriate detailed expenditure reports and tracking of expenses. This will also allow for data showing baseline expenditure in each category of expense in each case type will assist in more accurate budget projections and management of these expenses. The State Department of Social and Health Services is currently considering amendments to the Washington Administrative Code (WAC) that would affect the manner and amount of reimbursement for SVP expenses. If adopted, these provisions will have a major impact on the budget and will need to be managed accordingly.

### Revenue:

This program is financed by the general fund as part of the criminal justice system. The services provided by the Department are constitutionally and legally mandated legal defense services to indigent persons and revenue is generally not generated. Partially indigent persons and persons convicted are required to repay all or a portion of defense costs under programs administered by the Superior and District Courts. Such revenues are collected by the courts but are reflected as revenue for the Assigned Counsel.

The Department does receive limited State funding or reimbursement in some areas:

1. The State may reimburse costs of Aggravated First Degree Murder cases which can involve a sentence of death. However, this is a specific claims based method subject to review by a technical board and to appropriation of a specific amount by the State Legislature. This is a threshold amount to qualify based on a percentage of a county's total budget and only years in which extraordinary expense result in partial reimbursements.
2. The State reimburses a very small amount of the cost of second opinions for defense experts in competency issues in criminal cases and for consideration of release of persons adjudicated Not Guilty by Reason of Insanity (NGI).

### Program Description:

The **Criminal Division** of the Office of the Prosecuting Attorney prosecutes criminal cases in Yakima County on behalf of the State of Washington. These criminal cases are initiated by law enforcement agencies through investigation after criminal acts occur. Once the investigation is complete, these cases are sent to the Yakima County Prosecutor's Office for the potential filing of charges by information. Informations charging individuals with crimes are filed in District Court (misdemeanors and gross misdemeanors), Juvenile Court (misdemeanors and felonies committed by individuals under the age of 18), and Superior Court (adult felonies). The Prosecutor's Office also has an Appellate Division which handles appeals of these criminal cases in both the Court of Appeals, Division III, and the Supreme Court of Washington.

The **Corporate Counsel Division** of the Office of the Prosecuting Attorney is required pursuant to statute, to appear for and represent the County in all civil proceedings in which the County is a party. Additionally, the Prosecuting Attorney is the legal advisor to all County officials and their departments, including the Board of Yakima County Commissioners. In essence, these duties and responsibilities comprise the function of corporate counsel to the County. Specifically, this Division handles all non-criminal and non-Support claims and cases that involve numerous issues including torts, contracts, regulatory activity and demands, public disclosure requests, employment, taxation and property assessment, forfeitures, code enforcement and public services.

The **Child Support Division** of the Prosecuting Attorney represents the interests of the children and the State of Washington in actions for paternity, enforcement of child support obligations and modifications of child support and health insurance coverage.

### **Major Objectives:**

- Aggressive, vigorous and ethical prosecution of those charged with a criminal offense based upon probable cause.
- Competent, responsive and respectful communication with law enforcement agencies, judges, court staff, victims and witnesses.
- Zealous representation of and effective advisors to the various elected County officials and their departments.
- Protection and support of families and children thrust into the child support and paternity enforcement arena.
- Provide training and ongoing support to all prosecuting attorneys and support staff to better serve the needs of Yakima County and its inhabitants.

### **Revenue/Expenditure Comment:**

Revenue received and utilized by the Yakima County Prosecuting Attorney's Office which helps support the office comes from a number of sources and programs. The Prosecutor's Office primary revenue stream is obtained from both the State and Federal government to assist with the prosecution of drug and firearm violations, violence against women, DUI cases, juvenile truancy cases, civil commitment proceedings, and child support enforcement. The State of Washington pays for half of the elected prosecutor's salary.

The Prosecutor's Office is committed to providing competent and dedicated public service, grounded in integrity and excellence, within the budget appropriated. Any expenditures made are done with the knowledge that this money is provided primarily through taxpayer dollars. We will continue to work with law enforcement and our community partners to develop innovative and collaborative solutions to keep everyone residing in Yakima County Safe.

### Program Description:

Consolidate Juvenile Services/Grants consist of programs funded by various grants to assist the Juvenile Court in providing needed services to juvenile offenders. It is a cooperative effort between the various counties and the state.

Based upon the approval of a plan by the State of Washington, Yakima County provides or contracts for services, and the state reimburses either wholly or partially the costs of the programs depending on availability of funds. Current projects include but are not limited to:

- Risk assessments to identify youth most likely to re-offend
- CMAP, a case management tool to focus on resources identified by risk assessment
- Drug/Alcohol Assessment and Treatment
- Aggression Replacement Training (ART)
- Functional Family Therapy (FFT), a less intensive form of counseling for families
- Multi-Systemic Therapy (MST), intensive counseling that focuses on the family as a whole
- Mental Health Assessments
- Assessments and Treatment for Juvenile Sex Offenders
- BECCA Services (Truancy, At-Risk Youth and Child in Need of Services)

Included under the umbrella of **Consolidated Juvenile Services** are the following programs funded by DSHS, Juvenile Rehabilitation Administration (JRA):

- **CDDA – Chemical Dependency Disposition Alternative** – These funds will provide local courts with a sentencing option for chemically dependent youth. Judges will be able to suspend sentences and order youth into chemical dependency treatment instead of confinement.
- **CJAA – Community Juvenile Accountability Act** – This act provides funding to counties for implementation of five model programs demonstrated by research to reduce recidivism among juvenile offenders. The target groups for these programs are juvenile offenders in the community, including those confined locally through detention, electronic home monitoring, day reporting centers, work crews and those whose disposition do not require a period of confinement.
- **SSODA—Special Sex Offender Disposition Alternative** – This program provides assessment and treatment for eligible juvenile sex offenders.

---

## Consolidated Juvenile Services (continued)

---

- **High Risk Youth** – Provides supervision by probation staff and programs for youth at high risk to reoffend.
- **Diversion** – An early intervention program for minor, first time offenders. This program reduces the number of misdemeanor cases going to court and has been proven to reduce recidivism.
- **3900 Impact** – These are to be used for the purpose of funding impacts of the Juvenile Justice Bill, E35HB 3900, passed by the 1997 Legislature.

In addition, the following programs are provided by **Other State or Local Funding:**

- **BECCA** – Provides funding to work with children and families through three programs: At-Risk Youth (ARY), Children in Need of Services (CHINS) and truant children. The program not only provides funding for the Juvenile Court but also the Clerk's Office, Office of Assigned Counsel and the Prosecutor's Office, who are also involved in handling these type of cases.
- **WA State CASA/GAL** – This program provides funding to assist county Court Appointed Special Advocate (CASA) and Guardian ad Litem (GAL) programs that work with dependent children. This program primarily funds a half-time Case Manager who recruits volunteers for the programs.

### Major Objectives:

- To continue to provide relevant services to juvenile offenders in an effort to effect positive cognitive and behavioral changes.
- To hold juvenile offenders accountable for their actions.

### Revenue/Expenditure Comment:

Revenue is primarily in the form of reimbursement from the State of Washington government for services provided. Currently, the allotments for the CJS programs to the various counties are based on a modified "at-risk" formula that considers factors other than population.

### Program Description:

The mission of the Yakima County Courts is to:

**Provide effective and timely resolution of legal matters, assuring dignified and fair treatment to all participants while promoting respect for the justice system and maintaining the independence of the judiciary.**

The District Court provides limited jurisdiction court services for Yakima County residents. The Court hears a wide variety of civil and criminal cases and provides a therapeutic DUI Court.

District Court has jurisdiction over crimes punishable by up to one year in jail and a \$5,000 fine. Criminal matters include driving under the influence of alcohol, thefts of property or service valued at \$250 or less, domestic violence assaults and protection order violations, hit and run, and driving with a suspended license and violations of hunting and fishing laws. The Court also hears traffic and non-traffic infractions such as tickets for speeding and driving without insurance that are punishable only by a financial penalty.

The Washington State Patrol or the Yakima County Sheriff's Office files most of the criminal and infraction cases.

District Court also hears civil matters such as damage claims for personal injury, property damage, and breach of contract for amounts up to \$50,000. The Court hears small claim cases up to \$4,000, civil anti-harassment actions, name changes, and certain lien foreclosures.

District Court also runs DUI Therapeutic Court. The mission of DUI Court is to promote public safety through intensive court monitored treatment and assistance of high risk repeat DUI offenders by utilizing a collaborative approach which demands accountability of the offenders, court and treatment providers while focusing on public safety and a measurable reduction of DUI offenses. Funding is through Washington State Traffic Safety grants, general fund and DUI Court fess.

### Major Objectives:

- Continue to provide quality services to the citizens of Yakima County with the limited resources allotted.

---

## **District Court (continued)**

---

- Maximize the ability to handle caseloads within reasonable time frames absent adequate staffing levels and financial resources for operations to implement modern programs targeted at improved services.

### **Revenue/Expenditure Comment:**

District Court operations are governed by state statute and constitutional requirements. Most expenses are beyond the control of the Court. In order to increase efficiencies and reduce costs to the taxpayers, the Court shares its Court Administrator with Superior Court, Juvenile Court, and District Court Probation. This unprecedented administrative consolidation has been widely recognized as a model for other courts around the state. Compared to 16 other counties like Yakima in size, demographics and income, Yakima County District Court averages far fewer staff, far more cases per capita and higher crime rates than any of these comparable counties.

District Court aggressively enforces financial sanctions through collections outsourcing and an expanded method of payment (i.e. credit cards and payment drop box).

### Program Description:

The mission of the Yakima County Courts is to:

**Provide effective and timely resolution of legal matters, assuring dignified and fair treatment to all participants while promoting respect for the justice system and maintaining the independence of the judiciary.**

The function of the Superior Court is to hear and dispose of legal issues within the County of Yakima in and for the State of Washington. The general jurisdiction includes unlimited amount of civil actions, mandatory arbitration, civil commitment, domestic relations matters, criminal felonies, all juvenile litigation and issues involving mental health.

### Major Objectives:

The major objective of the Superior Court is to continue to provide quality services to the citizens of Yakima County with the limited resources allotted by implementing modern computer scheduling and case management programs targeted at improved services.

Superior Court operates Therapeutic Courts funded through the general fund and federal grants when available. Therapeutic Courts include:

- Drug Court
- Mental Health Court
- Family Treatment Court

### Revenue/Expenditure Comment:

Superior Court operations are governed by state statute and the constitution. Most expenses are beyond the control of the Court

In order to increase efficiencies and reduce costs, the Court shares its Court Administrator with Juvenile Court, District Court, and District Court Probation in an unprecedented administrative consolidation in Washington State. As compared to 16 other counties like Yakima in size, demographics and income, Yakima County Superior Court averages far fewer staff, far more cases per capita and higher crime rates than any of these comparable counties.

The Superior Court generates revenues through the budget year as fines and court costs that appear as revenue under the County Clerk's revenue stream. The only revenues credited to the Superior Court are those generated by grants.

### Program Description:

The **Yakima County Juvenile Court Services** is a division of Yakima County Superior Court.

The Juvenile Court includes the operation of the juvenile detention facility and the juvenile court, to include administration, probation, dependency, and support services. Services are provided to both juvenile offenders and non-offenders.

### Major Objectives:

1. To provide services to the juvenile offenders in Yakima County and hold them accountable for their actions through the following programs:
  - **Community Supervision/Probation Services.**
  - **Diversion Program** - An early intervention program for minor, first time offenders. This program reduces the number of misdemeanor cases going to court and has been proven to reduce recidivism.
  - **WAJCA Risk Assessment** - A tool that identifies youth most likely to re-offend and provides indicators for the most promising intervention for the individual assessed.
  - **CMAP (Case Management Assessment Process)** - A case management method that allows probation staff to focus their time and resources based on the findings of the Risk Assessment process.
  - **MST- (Multi-Systemic Therapy)** -A form of intensive counseling that focuses on the family as a whole. Counselors are assigned to the family based upon risk assessment eligibility criteria. The service is provided for 4-6 months with the counselor available for crisis situations twenty-four hours a day, seven days a week.
  - **FFT- (Functional Family Therapy)** – A somewhat less intensive form of counseling than MST, 10-12 weeks in duration. Focuses on behavior modification for specific types of behavior in the family.
  - **ART-(Aggression Replacement Training)** -A proven tool to reduce recidivism which focuses on social skills training, anger management and moral reasoning. The classes are three days a week for 10 weeks.

- **Restorative Community Service Program** – Volunteer community co-workers are recruited to work alongside youth who have been court ordered to complete community service hours. The co-workers provide pro-social interactions, education, and role modeling to the youth while they complete their hours by serving their community.
  - **Mental Health Probation Counselor Services**-This program began with federal Systems of Care funding and will continue in 2017 with Yakima County funding. The Probation Counselor assigned to this role is a member of a W-ISE (Wrap-Around with Intensive Services) team that works together to provide specialized services to youth with serious mental health issues.
  - **Gang Court**-This program was funded from 2011-2012 with Gates Grant funding. In 2013 Yakima County Juvenile Court decided to continue Gang Court with existing county funding. This program has a specialized probation counselor as well as a team of professionals who meet weekly with the judge to design services and programming specifically geared toward helping gang involved youth break away from the gang lifestyle and develop pro-social ties to the community.
2. To provide services to non-offender juveniles through the following programs:
- **Court Appointed Special Advocate Program (CASA)** - A program that provides advocates for children in dependency matters through the recruitment and training of volunteers.
  - **BECCA** – A program for non-offender youth.
    - At-Risk Youth (ARY) - A program for non-offender youth needing court intervention to assist parents with youth who are not following the rules of home or school.
    - Children in Need of Services (CHINS) – Children who need the protection of the court; and
    - Truancy Program – An intervention program for truant children.
3. To provide rehabilitative juvenile detention services for youth who are in danger to community or self. Yakima County Juvenile Court is committed to helping youth involved in Juvenile Court develop into healthy, productive adults. While in detention, youth attend school and have access

to medical care, mental health services, drug and alcohol counseling, and other programs and services.

- All youth in detention are provided a standard school curriculum while in custody. Schooling is provided by Yakima School District. Youth receive instruction in Reading, Language Arts, Mathematics, and Life Skills as appropriate for their age, school progress in the community, and prior level of achievement. Special Education curriculum is available if needed. Youth may also work towards their G.E.D. in the Detention School. In addition, the teachers in the Detention School provide tutoring for status offender youth in the custody of Juvenile Detention.
- Programming includes but is not limited to services such as:
  - Mental health services
  - Drug/alcohol services
  - Health services
  - Volunteer religious services
  - YWCA domestic violence classes
  - Alternatives to secure detention
- PREA Certified (Prison Rape Elimination Act) – The Juvenile Detention facility has met all requirements of the act.

### **Revenue/Expenditure Comment:**

Juvenile Court's budget is funded from the county's general fund; however, a moderate amount of revenue is collected for the general fund from the following resources:

1. Contracts with other juvenile agencies/jurisdictions for detention beds.
2. The collection of diversion fees from juveniles and parents for participating in the diversion process, which is available to first time juvenile offenders involved in minor offenses.
3. Reimbursement from OSPI (Office of Superintendent of Public Instruction) for food served to juvenile detention youth.

### Program Description:

**Our mission:** "It is our mission to assist the citizens of Yakima County to define and achieve their preferred future while supporting economic growth, ensuring public health and safety, promoting conservation of natural resources, and protecting the environment."

Planning is engaged in a wide range of community development service activities related to subdivision, zoning, environmental, long range comprehensive planning, special projects, intergovernmental coordination, grants and public involvement. Our responsibilities are:

- To maintain, update as needed and administer nine of seventeen titles of the Yakima County Code (YCC).
- To act as the lead agency for conducting environmental review (SEPA).
- To coordinate long range comprehensive planning under the Growth Management Act.
- To provide professional and technical support to the Planning Commission, Hearing Examiners, Board of County Commissioners, Boundary Review Board, citizen task groups, and County divisions and agencies.
- Do provide professional, technical assistance and coordinate major development projects initiated by Yakima County, i.e., HOME Program, CDBG Grants, etc.

### Major Objectives:

- Provide timely, professional basic review of land use, subdivision and environmental applications.
- Fulfill SEPA lead agency and statutory planning agency responsibilities for the County.
- Review and assure County land use regulations and policies are consistent and concurrent with state and federal legislation.
- Work with internal and external customers to simplify land development codes and procedures.

### Major 2017 Projects:

- Complete consolidation/implementation of the County's zoning and subdivision codes into a new Unified Land Development Code as part of the Board's Code update/Simplification Project initiative. .
- Evaluate the Unified Land Development Code annually as prescribed by code.
- Begin the Washington State mandated Urban Growth Area and County Comprehensive Plan Update with a required completion date of June 30, 2017.

---

## Planning (continued)

---

- Evaluate the Countywide Planning Policies and develop amendments to Interlocal Agreements with the cities and towns for implementation of the Growth Management Act's requirements for urban growth development.
- Make required amendments to County development codes due to litigation, Growth Management Hearings Board directives, and legislative changes.
- Re-evaluate the recently implemented Fee Schedule to assess our cost recovery efforts after a complete year.
- Assist in the Vantage to Pomona Heights 230 kV Transmission Line Project NEPA/SEPA Environmental review process as co-lead with WSDOT.
- Coordinate the Environmental reviews required by the HOME Program.

### Revenue/Expenditure Comment:

Planning Division budget includes those functions of the past Senior Project Coordinators, which a portion of the Planning Division budget supported the now dissolved Development Services Center (absorbed into other Public Services Divisions). The Planning Division budget expenditures support a portion of the administrative costs of the Department of Public Services. Fees for coordinating and reviewing subdivision, zoning and environmental applications have historically recovered less than ten percent of the actual cost of processing. A recently adopted fee recovery schedule has been implemented to recover the Planning Division's cost of reviewing private sector projects, while fulfilling its public interest responsibilities through general fund and revenues.

### Program Description:

The Capital Outlay department of the General Fund is to account for capital projects or equipment purchases separately from the operational budgets of the other departments of the General Fund. This allows comparative data from prior years to be operational based, and not include one-time capital purchases that could skew historical reviews. The department also accounts for the Computer Equipment Replacement Reserves for each department of the General Fund.

### Major Objectives:

The major objective of this department is to track one-time capital purchases and those purchases related to computer equipment replacement for the departments of the General Fund.

### Revenue/Expenditure Comment:

The Board of County Commissioners allocates an annual allocation to each department of the General Fund for computer equipment replacement each year. Use of these equipment replacement funds are tracked in this fund. If the annual allocation is not spent, the money is reserved and rolled to the next fiscal year.
