

Notice of Action

Case No(s): SEP2017-00009

Applicant: Yakima County Public Services—
Planning Division

This notice is issued pursuant to Yakima County Code Chapter 16B.07 and RCW 36.70B.130

Project Description: Yakima County proposes to make corrections to Title 19 and make minor revisions to this code. Revisions will correct referencing errors, clarify existing language, and correct wording that conflicts with other local and state regulations. Title 19, the Unified Land Development Code, affects unincorporated areas of Yakima County.

SEPA Threshold Determination: The lead agency for this proposal has determined that it will not have a probable significant adverse impact on the environment and an Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision to retain the Determination of Non-significance (DNS) was made after a careful review of the completed environmental checklist, comments submitted in a timely manner from members of the public and interested agencies, and other information on file with the lead agency. This information (including all environmental documentation) is available to the public on request and can be examined in our offices during regular business hours or online at www.yakimap.com/permits. Environmental documents include the SEPA checklist, preliminary threshold determination, and final threshold determination. The lead agency has determined that the requirements for environmental analysis, protection, and mitigation measures have been adequately addressed in the development regulations and comprehensive plan adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws or rules, as provided by RCW 43.21C.240 and WAC 197-11-158. Our agency will not require any additional mitigation measures under SEPA.

You can review the Final Threshold Determination and application materials online at: www.yakimap.com/permits or on the 4th Floor of the County Courthouse.

Appeal Information:

This Final DNS is issued under WAC 197-11-340(2). There is no further comment on it. State law prohibits SEPA appeals for permits that do not have an appeal option, consequently no administrative appeal is allowed (WAC 197-11-680(3)(v)). For more information on the appeal process, or on other issues relating to this proposal, please call Daniel De Bord, Project Planner, at (509) 574-2300 or 1-800-572-7354 ext. 2300.

Re: Case No.: **SEP2017-00009**
Project: **Yakima County Code Title 19- Unified Land Development Code**
corrections and revisions.
Proponent: **Yakima County**

To whom it may concern:

Sunnyside Valley Irrigation District (SVID) has reviewed the proposed project and has the following comments:

1. SVID does have facilities, numerous piped drains and laterals as well as open irrigation and drainage channels, within Yakima County. The location of these facilities may hinder future development. Please contact the District for specific details, requirements, and location of facilities.
2. Runoff and/or crossings into or across any SVID facility will not be allowed unless approved through the permitting process.
3. Buildings will not be allowed within SVID easement or right-of-way.
4. Obstructions will not be allowed within SVID easements or right-of-way unless approved through the permitting process.
5. Storm drainage will not be allowed to discharge into SVID drains unless approved through the permitting process.
6. Access for plats and/or subdivisions will not be allowed on SVID operation and maintenance roads.
7. Irrigation distribution facilities and easements must be provided pursuant to RCW 58.17.310.

Thank you for the opportunity to comment on this proposed project. If you have any questions, please contact Diane Weber at (509) 837-6980 or weberd@SVID.org.

Sincerely,

Ron C. Cowin
Assistant Manager – Engineering
