Yakima, WA 98901

Re: Approval of Voluntary Stewardship Program Work Plan by Technical Panel

Dear Mr. Deitrick:

The Voluntary Stewardship Program (VSP) Technical Panel (TP) has reviewed the work plan submitted by Yakima County and has approved the work plan at a formal review meeting on October 27, 2017.

As a result of the approval of the work plan by the TP, and in accordance with RCW 36.70A.725 (3) (a) (ii), the Director of the Commission must approve the work plan.

Therefore, by this letter, as Executive Director of the Washington State Conservation Commission, I formally approve the work plan for Yakima County as of the date of this letter.

If any amendments have been made to the work plan during the Technical Panel review process, please provide the Commission an electronic link to the final version of the work plan. That link can be sent to Alicia McClendon at amcclendon@scc.wa.gov.

Thank you for your continued engagement in and support of VSP, and congratulations on the approval of the county's plan. If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Clark".

Mark Clark
Executive Director
Washington State Conservation Commission
