CRITERIA FOR NAMING A PRIVATE OR PUBLIC ROAD

Note: Road names submitted will be reviewed and a name will be chosen based on the following criteria

1. Renaming of an existing named roadway, whether public or privately owned, must go through a public hearing process and approved/denied as determined by the Board of County Commissioners;
2. New development roadways which are a continuation of an existing road, regardless of ownership, will be given the same road name;
3. If a road name cannot be agreed upon by the property owners / residents, the County can designate a road name of its choosing.
4. Road names must be considered in good taste.
5. Candidate road names cannot duplicate an existing road name elsewhere within Yakima County;
6. A road name cannot be used if the pronunciation sounds similar to an existing road name, even if they are spelled differently (example: Winnier, Winner);
7. Applicant's road name preference will be given first consideration in determining name;
8. Road names should consider the geographical location. For example, "Hill Top Road" should not be used if located in a valley or does not lead to a hill top;
9. Road names shall not be possessive (for example, Clyde's Circle, Mary's Lane);
