PLANNING

Description
Conduct a systematic process engaging the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives.

1. Identify critical objectives during the planning process, provide a complete and integrated picture of the sequence and scope of the tasks to achieve the objectives, and ensure the objectives are implementable within the timeframe contemplated within the plan using available resources for prevention-related plans.

2. Develop and execute appropriate courses of action in coordination with local, state, tribal, territorial, Federal, and private sector entities in order to prevent an imminent terrorist attack within the United States.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog and www.fletc.gov/training-catalog.

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.
Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Implement operational prevention plans that dictate the roles and responsibilities and the sequence and scope of tasks needed to prevent an incident across a (#)-square-mile area with (#) residents within (#) minutes of notification of an imminent, credible terrorist threat.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications. Examples for this Core Capability are below, and additional resources can be found at https://rtlt.preptoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Prevention Framework at www.fema.gov/national-prevention-framework.

- Joint Terrorism Task Forces—FBI-led multijurisdictional task forces established to conduct terrorism-related investigations and based in 103 cities nationwide.
- Neighboring jurisdictions—Such as planning organizations, Urban Area Security Initiatives, regional planning councils, and other community planning and/or coordinating bodies; can provide information specific to your geographic location that may help your efforts.
- State and Major Urban Area Fusion Centers—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal; state, local, tribal, territorial; and private sector partners.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

- National Criminal Intelligence Resource Center: www.ncirc.gov
- National Fusion Center Association: https://nfcausa.org/

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description
Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard, as well as the actions being taken and the assistance being made available, as appropriate.

1. Share prompt and actionable messages, to include National Terrorism Advisory System alerts, with the public and other stakeholders, as appropriate, to aid in the prevention of imminent or follow-on terrorist attacks, consistent with the timelines specified by existing processes and protocols.

2. Provide public awareness information to inform the general public on how to identify and provide terrorism-related information to the appropriate law enforcement authorities, thereby enabling the public to act as a force multiplier in the prevention of imminent or follow-on acts of terrorism.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog and www.fletc.gov/training-catalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Prevention Framework at www.fema.gov/national-prevention-framework.

▸ Agency/office responsible for emergency alerts—Public communication tools are used to disseminate information about serious emergencies. These include the Emergency Alert System, Wireless Emergency Alerts, the Integrated Public Alert & Warning System, and others.

▸ National Terrorism Advisory System—Disseminates information on the risk of terrorist attacks to local, state, tribal, territorial, and Federal authorities, critical infrastructure owners and operators, and the public.

▸ State and Major Urban Area Fusion Centers—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal; state, local, tribal, territorial; and private sector partners.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

MISSION AREA

BUILD AND SUSTAIN THE CORE CAPABILITY

OPERATIONAL COORDINATION

Description
Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of Core Capabilities.

1. Execute operations with functional and integrated communications among appropriate entities to prevent initial or follow-on terrorist attacks within the United States in accordance with established protocols.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/nppcatalog and www.fletc.gov/training-catalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Prevention Framework at www.fema.gov/national-prevention-framework.

- **Joint Terrorism Task Forces**—FBI-led multijurisdictional task forces established to conduct terrorism-related investigations and based in 103 cities nationwide.
- **Nationwide Suspicious Activity Reporting Initiative**—Collaborative effort led by DHS and the FBI, in partnership with local, state, tribal, territorial, and Federal law enforcement and homeland security partners.
- **State and Major Urban Area Fusion Centers**—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal; state, local, tribal, territorial; and private sector partners.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program**: Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)
- **National Exercise Program**: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program)
- **Homeland Security Digital Library**: A collection of documents related to homeland security policy, strategy, and organizational management. [www.hsdl.org](http://www.hsdl.org)

Additional Information

- National Criminal Intelligence Resource Center: [www.ncirc.gov](http://www.ncirc.gov)
- National Fusion Center Association: [https://nfcausa.org](https://nfcausa.org)
Description

Provide timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning physical and cyber threats to the United States, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by local, state, tribal, territorial, Federal, and other stakeholders. Information sharing is the ability to exchange intelligence, information, data, or knowledge among government or private sector entities, as appropriate.

1. Anticipate and identify emerging and/or imminent threats through the intelligence cycle.
2. Share relevant, timely, and actionable information and analysis with local, state, tribal, territorial, Federal, private sector, and international partners and develop and disseminate appropriate classified/unclassified products.
3. Ensure local, state, tribal, territorial, Federal, and private sector partners possess or have access to a mechanism to submit terrorism-related information and/or suspicious activity reports to law enforcement.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog and www.fletc.gov/training-catalog.

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.
Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Establish information and intelligence-gathering priorities, identify and gather assets to support these priorities, and disseminate appropriate intelligence products to all (#) relevant local, state, and Federal partners within (#) minutes of notification of a credible threat.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications and can be found at https://rtlt.preptoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Prevention Framework at www.fema.gov/national-prevention-framework.

- **Joint Counterterrorism Assessment Team**—Consists of state, local, tribal, and territorial first responders and public safety professionals from around the country, working side by side with Federal intelligence analysts to research, produce, and disseminate counterterrorism intelligence.

- **State and Major Urban Area Fusion Centers**—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal; state, local, tribal, territorial; and private sector partners.

- **FBI Field Office and/or Joint Terrorism Task Force**—Highly trained, locally based investigators, analysts, linguists, SWAT experts, and other specialists from dozens of U.S. law enforcement and intelligence agencies.

- **The United States Attorneys, Anti-Terrorism Advisory Council** for your area—Law enforcement and government officials whose agencies are involved in the anti-terrorism effort.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program**: Consists of fundamental principles that frame a common approach to exercises.
  [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)

INTERDICTION AND DISRUPTION

Description

Delay, divert, intercept, halt, apprehend, or secure threats and/or hazards.

1. Maximize our ability to interdict specific conveyances, cargo, and persons associated with an imminent terrorist threat or act in the land, air, and maritime domains to prevent entry into the United States or to prevent an incident from occurring in the Nation.

2. Conduct operations to render safe and dispose of CBRNE hazards in multiple locations and in all environments, consistent with established protocols.

3. Prevent terrorism financial/material support from reaching its target, consistent with established protocols.

4. Prevent terrorist acquisition of and the transfer of CBRNE materials, precursors, and related technology, consistent with established protocols.

5. Conduct tactical counterterrorism operations in multiple locations and in all environments.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npccatalog and www.fletc.gov/training-catalog.

SCREENING, SEARCH, AND DETECTION

Description

Identify, discover, or locate threats and/or hazards through active and passive surveillance and search procedures. This may include the use of systematic examinations and assessments, biosurveillance, sensor technologies, or physical investigation and intelligence.

1. Maximize the screening of targeted cargo, conveyances, mail, baggage, and people associated with an imminent terrorist threat or act using technical, non-technical, intrusive, or non-intrusive means.

2. Initiate operations immediately to locate persons and networks associated with an imminent terrorist threat or act.

3. Conduct CBRNE search/detection operations in multiple locations and in all environments, consistent with established protocols.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog and www.fletc.gov/training-catalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Prevention Framework at www.fema.gov/national-prevention-framework.

- Information Sharing and Analysis Centers—Gather and share information and analysis for many private sectors, subsectors, and other groups and facilitate sharing of information between government and the private sector.
- Sector Coordinating Councils—Private sector councils consisting of owners and operators that interact on a wide range of sector-specific strategies, policies, activities, and issues.
- U.S. Customs and Border Patrol—Working with the trade community, programs like the Container Security Initiative and the Customs-Trade Partnership Against Terrorism help to increase security and safeguard the world’s trade industry.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

- Health Threats Resilience Programs: www.dhs.gov/health-threats-resilience-division
- National Criminal Intelligence Resource Center: www.ncirc.gov
- U.S. Customs and Border Patrol: www.cbp.gov/border-security/ports-entry

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description

Conduct forensic analysis and attribute terrorist acts (including the means and methods of terrorism) to their source, to include forensic analysis as well as attribution for an attack and for the preparation for an attack, in an effort to prevent initial or follow-on acts and/or swiftly develop counteroptions.

1. Prioritize physical evidence collection and analysis to assist in preventing initial or follow-on terrorist acts.
2. Prioritize chemical, biological, radiological, nuclear, and explosive (CBRNE) material (bulk and trace) collection and analysis to assist in preventing initial or follow-on terrorist acts.
3. Prioritize biometric collection and analysis to assist in preventing initial or follow-on terrorist acts.
4. Prioritize digital media, network exploitation, and cyber technical analysis to assist in preventing initial or follow-on terrorist acts.

MISSION AREA

PLANNING

Description

Conduct a systematic process engaging the whole community, as appropriate, in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives.

1. Develop protection plans that identify critical objectives based on planning requirements, provide a complete and integrated picture of the sequence and scope of the tasks to achieve the planning objectives, and implement planning requirements within the timeframe contemplated within the plan using available resources for protection-related plans.
2. Implement, exercise, and maintain plans to ensure continuity of operations.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.
BUILD AND SUSTAIN THE CORE CAPABILITY

Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Ensure protection and/or sector-specific plans for all (#) state-owned or -operated critical infrastructure assets are reviewed and updated every (#) year(s) in accordance with Federal, state, and local requirements.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications. Examples for this Core Capability are below, and additional resources can be found at https://rtlt.preptoolkit.fema.gov.

<table>
<thead>
<tr>

</tbody>
</table>

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Information Sharing and Analysis Centers—Gather and share information and analysis for many private sectors, subsectors, and other groups and facilitate sharing of information between government and the private sector.
- Protective Security Advisors—Regionally located Department of Homeland Security subject matter experts who engage with government and the private sector stakeholder community to protect the Nation’s critical infrastructure.
- Sector Coordinating Councils—Private sector councils consisting of owners and operators that interact on a wide range of sector-specific strategies, policies, activities, and issues.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program:** Consists of fundamental principles that frame a common approach to exercises. https://preptoolkit.fema.gov/web/hseep-resources
- **National Exercise Program:** The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program
- **Homeland Security Digital Library:** A collection of documents related to homeland security policy, strategy, and organizational management. www.hsdl.org

Additional Information

- National Council of Information Sharing and Analysis Centers: www.nationalisacs.org/

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description
Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard and, as appropriate, the actions being taken and the assistance being made available.

1. Use effective and accessible indication and warning systems to communicate significant hazards to involved operators, security officials, and the public (including alerts, detection capabilities, and other necessary and appropriate assets).

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Agency/office responsible for emergency alerts—Public communication tools used to disseminate information about serious emergencies. These include the Emergency Alert System, Wireless Emergency Alerts, the Integrated Public Alert & Warning System, and others.
- Information Sharing and Analysis Centers—Gather and share information and analysis for many private sectors, subsectors, and other groups and facilitate sharing of information between government and the private sector.
- State and Major Urban Area Fusion Centers—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal, state, local, tribal, territorial, and private sector partners.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

OPERATIONAL COORDINATION

MISSION AREA

PREVENTION PROTECTION MITIGATION RESPONSE RECOVERY

Description

Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of Core Capabilities.

1. Establish and maintain partnership structures among Protection elements to support networking, planning, and coordination.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Protective Security Advisors—Regionally located Department of Homeland Security subject matter experts who engage with government and the private sector stakeholder community to protect the Nation’s critical infrastructure.
- Sector Coordinating Councils—Private sector councils consisting of owners and operators that interact on a wide range of sector-specific strategies, policies, activities, and issues.
- State, Local, Tribal, and Territorial Government Coordinating Council—Engages government partners in national critical infrastructure security and resilience efforts and provides an organizational structure to coordinate across jurisdictions on State and local government guidance, strategies, and programs.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

- Protective Security Advisor Program: www.dhs.gov/protective-security-advisors

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
**INTELLIGENCE AND INFORMATION SHARING**

**Description**

Provide timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning threats to the United States, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by local, state, tribal, territorial, Federal, and other stakeholders. Information sharing is the ability to exchange intelligence, information, data, or knowledge among government or private sector entities, as appropriate.

1. Anticipate and identify emerging and/or imminent threats through the intelligence cycle.
2. Share relevant, timely, and actionable information and analysis with local, state, tribal, territorial, Federal, private sector, and international partners, and develop and disseminate appropriate classified/unclassified products.
3. Provide local, state, tribal, territorial, Federal, and private sector partners with or access to a mechanism to submit terrorism-related information and/or suspicious activity reports to law enforcement.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

<table>

The National Preparedness Goal defines the 32 Core Capabilities and can be found at [http://www.fema.gov/national-preparedness-goal](http://www.fema.gov/national-preparedness-goal).
Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Review the effectiveness of intelligence and information sharing mechanisms that collect, integrate, and share information with all (#) relevant local law enforcement and state and Federal agencies every (#) months.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications and can be found at https://rtlt.pretoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Homeland Security Information Network (HSIN)—Federal, state, local, tribal, territorial, international, and private sector partners use HSIN to analyze data, send alerts and notices, and share information.
- Information Sharing and Analysis Centers—Gather and share information and analysis for many private sectors, subsectors, and other groups and facilitate sharing of information between government and the private sector.
- State and Major Urban Area Fusion Centers—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal, state, local, tribal, territorial, and private sector partners.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.

**INTERDICTION AND DISRUPTION**

**Description**

Delay, divert, intercept, halt, apprehend, or secure threats and/or hazards.

1. Deter, detect, interdict, and protect against domestic and transnational criminal and terrorist activities that threaten the security of the homeland across key operational activities and critical infrastructure sectors.

2. Intercept the malicious movement and acquisition/transfer of chemical, biological, radiological, nuclear, and explosive (CBRNE) materials and related technologies.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description
Identify, discover, or locate threats and/or hazards through active and passive surveillance and search procedures. This may include the use of systematic examinations and assessments, biosurveillance, sensor technologies, or physical investigation and intelligence.

1. Ensure critical infrastructure sectors and Protection elements have and maintain risk assessment processes to identify and prioritize assets, systems, networks, and functions.

2. Ensure operational activities and critical infrastructure sectors have and maintain appropriate threat, vulnerability, and consequence tools to identify and assess threats, vulnerabilities, and consequences.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

MISSION AREA

BUILD AND SUSTAIN THE CORE CAPABILITY

CYBERSECURITY

Description

Protect (and, if needed, restore) electronic communications systems, information, and services from damage, unauthorized use, and exploitation.

1. Implement risk-informed guidelines, regulations, and standards to ensure the security, reliability, integrity, and availability of critical information, records, and communications systems and services through collaborative cybersecurity initiatives and efforts.

2. Implement and maintain procedures to detect malicious activity and to conduct technical and investigative-based countermeasures, mitigations, and operations against malicious actors to counter existing and emerging cyber-based threats, consistent with established protocols.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.
Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Review intrusion detection reports, suspicious activity reports, audit logs, vulnerability scans, or the appropriate equivalent for all (#) critical systems on a (weekly/monthly) basis.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications and can be found at https://rtlt.preptoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Cyber Security Advisors—Regionally located Department of Homeland Security personnel that offer immediate and sustained assistance to prepare and protect state, local, tribal, territorial, and private entities to promote resilience of key cyber infrastructures.
- Multi-State Information Sharing & Analysis Center—Improve the overall cyber security posture of state, local, tribal, and territorial governments.
- State and Major Urban Area Fusion Centers—Focal points for the receipt, analysis, gathering, and sharing of threat-related information between Federal, state, local, tribal, territorial, and private sector partners.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Cyber Storm Exercise Series**: Strengthens cyber preparedness in the public and private sectors. [https://www.dhs.gov/cyber-storm](https://www.dhs.gov/cyber-storm). To participate, contact CEP@hq.dhs.gov.
- **Homeland Security Exercise and Evaluation Program**: Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources).
- **National Exercise Program**: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program).

Additional Information

- Multi-State Information Sharing & Analysis Center: [www.cisecurity.org/mis-isac](http://www.cisecurity.org/mis-isac)
- National Cyber Awareness System: [www.us-cert.gov/nicas](http://www.us-cert.gov/nicas)

For more Core Capability Development Sheets, visit [www.fema.gov/fema-technical-assistance-program](http://www.fema.gov/fema-technical-assistance-program).
Description

Implement and maintain risk-informed countermeasures and policies protecting people, borders, structures, materials, products, and systems associated with key operational activities and critical infrastructure sectors.

1. Identify, assess, and mitigate vulnerabilities to incidents through the deployment of physical protective measures.
2. Deploy protective measures commensurate with the risk of an incident and balanced with the complementary aims of enabling commerce and maintaining the civil rights of citizens.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Key strategic personal protective equipment providers—Manufacturers and distributors of security, medical, and safety resources.
- Protective Security Advisors—Regionally located Department of Homeland Security subject matter experts who engage with government and the private sector stakeholder community to protect the Nation’s critical infrastructure.
- State law enforcement, local law enforcement, and public safety offices—Valuable information and data, specialized resources, threat assessments, and subject matter experts.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program:** Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)
- **National Exercise Program:** The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program)
- **Homeland Security Digital Library:** A collection of documents related to homeland security policy, strategy, and organizational management. [www.hsdl.org](http://www.hsdl.org)

Additional Information

- **North American Security Products Organization:** [www.naspo.info](http://www.naspo.info)
- **Protective Security Advisor Program:** [www.dhs.gov/protective-security-advisors](http://www.dhs.gov/protective-security-advisors)
Description

Identify, assess, and prioritize risks to inform Protection activities, countermeasures, and investments.

1. Ensure critical infrastructure sectors and Protection elements have and maintain risk assessment processes to identify and prioritize assets, systems, networks, and functions.

2. Ensure operational activities and critical infrastructure sectors have and maintain appropriate threat, vulnerability, and consequence tools to identify and assess threats, vulnerabilities, and consequences.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Review the categorization of all (#) critical infrastructure priorities every (#) months.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications and can be found at https://rtlt.preptoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Cyber Security Advisors—Regionally located Department of Homeland Security personnel that offer immediate and sustained assistance to prepare and protect state, local, tribal, and territorial and private entities to promote resilience of key cyber infrastructures.
- Protective Security Advisors—Regionally located Department of Homeland Security subject matter experts who engage with government and the private sector stakeholder community to protect the Nation’s critical infrastructure.
- Sector Coordinating Councils—Private sector councils consisting of owners and operators that interact on a wide range of sector-specific strategies, policies, activities, and issues.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

- Protective Security Advisor Program: www.dhs.gov/protective-security-advisors
- Public Risk Management Association: www.primacentral.org

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.

**Description**

Strengthen the security and resilience of the supply chain.

1. Secure and make resilient key nodes, methods of transport between nodes, and materials in transit.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Protection Framework at www.fema.gov/national-protection-framework-0.

- Information Sharing and Analysis Centers—Gather and share information and analysis for many private sectors, subsectors, and other groups and facilitate sharing of information between government and the private sector.
- Sector Coordinating Councils—Private sector councils consisting of owners and operators that interact on a wide range of sector-specific strategies, policies, activities, and issues.
- U.S. Customs and Border Patrol—Working with the trade community, programs like the Container Security Initiative and the Customs-Trade Partnership Against Terrorism help to increase security and safeguard the world’s trade industry.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program:** Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)
- **National Exercise Program:** The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program)
- **Homeland Security Digital Library:** A collection of documents related to homeland security policy, strategy, and organizational management. [www.hsdl.org](http://www.hsdl.org)

Additional Information

- Council of Supply Chain Management Professionals: [www.cscmp.org](http://www.cscmp.org)
- National Council of Information Sharing and Analysis Centers: [www.nationalisacs.org](http://www.nationalisacs.org)

For more Core Capability Development Sheets, visit [www.fema.gov/fema-technical-assistance-program](http://www.fema.gov/fema-technical-assistance-program).
PLANNING

MISSION AREA

BUILD AND SUSTAIN THE CORE CAPABILITY

Description
Conduct a systematic process engaging the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives.

1. Develop approved hazard mitigation plans that address relevant threats/hazards in accordance with the results of their risk assessment within all local, state, tribal, territorial, and Federal partners.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/fr/npccatalog.

<table>
<thead>
<tr>
<th>COURSE</th>
<th>DELIVERY</th>

Additional Information

- American Planning Association: www.planning.org
- Beyond the Basics: www.mitigationguide.org
- FEMA Hazard Mitigation Planning Resources: www.fema.gov/hazard-mitigation-planning-resources
Description

Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard and, as appropriate, the actions being taken and the assistance being made available.

1. Communicate appropriate information, in an accessible manner, on the risks faced within a community after the conduct of a risk assessment.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

BUILD AND SUSTAIN THE CORE CAPABILITY

MISSION AREA

OPERATIONAL COORDINATION

Description

Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of Core Capabilities.

1. Establish protocols to integrate mitigation data elements in support of operations with local, state, tribal, territorial, and insular area partners and in coordination with Federal agencies.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

- State Hazard Mitigation Officers: [www.fema.gov/state-hazard-mitigation-officers](http://www.fema.gov/state-hazard-mitigation-officers)
**Description**

Enable the recognition, understanding, communication of, and planning for risk, and empower individuals and communities to make informed risk management decisions necessary to adapt to, withstand, and quickly recover from future incidents.

1. Maximize the coverage of the U.S. population that has a localized, risk-informed mitigation plan developed through partnerships across the entire community.
2. Empower individuals and communities to make informed decisions to facilitate actions necessary to adapt to, withstand, and quickly recover from future incidents.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

The National Preparedness Goal defines the 32 Core Capabilities and can be found at [http://www.fema.gov/national-preparedness-goal](http://www.fema.gov/national-preparedness-goal).

### Description

Build and sustain resilient systems, communities, and critical infrastructure and key resources lifelines so as to reduce their vulnerability to natural, technological, and human-caused threats and hazards by lessening the likelihood, severity, and duration of the adverse consequences.

1. Achieve a measurable decrease in the long-term vulnerability of the Nation against current baselines amid a growing population base, changing climate conditions, increasing reliance upon information technology, and expanding infrastructure base.

### Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npccatalog](http://www.firstrespondertraining.gov/frt/npccatalog).

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
RISK AND DISASTER RESILIENCE ASSESSMENT

MISSION AREA

PREVENTION  PROTECTION  MITIGATION  RESPONSE  RECOVERY

Description
Assess risk and disaster resilience so that decision makers, responders, and community members can take informed action to reduce their entity’s risk and increase its resilience.

1. Ensure that local, state, tribal, territorial, and insular area governments and the top 100 Metropolitan Statistical Areas complete a risk assessment that defines localized vulnerabilities and consequences associated with potential natural, technological, and human-caused threats and hazards to their natural, human, physical, cyber, and socioeconomic interests.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npccatalog.

Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Complete a risk and disaster resilience assessment to analyze vulnerabilities, resilience capabilities, and estimate impacts of threats and hazards across a (#)-square-mile area with (#) residents every (#) year(s) in accordance with Federal, state, and local requirements.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications. An example for this Core Capability is below, and additional resources can be found at https://rtlt.preptoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Mitigation Framework at https://www.fema.gov/national-mitigation-framework.

- Hazus User Groups—Network of organizations that use Hazus software for risk assessment activities throughout the Nation. Hazus user group members include emergency managers, geospatial information system specialists, geologists, state and local planners, and consultants.
- Regional, State, and Local Hazard Mitigation Planning Committees—State, local, and tribal governments engage in mitigation planning to identify risks associated with natural disasters and to develop long-term strategies for protecting people and property from future hazard events.
- The public—Essential to building community-wide support for hazard mitigation planning and actions. The planning and implementation processes should include citizens, civic groups, emergency managers, other government agencies, businesses, environmental groups, and schools.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program:** Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)
- **National Exercise Program:** The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program)
- **Homeland Security Digital Library:** A collection of documents related to homeland security policy, strategy, and organizational management. [www.hsdl.org](http://www.hsdl.org)

Additional Information

- **Hazus User Groups:** [www.fema.gov/hazus-user-groups](http://www.fema.gov/hazus-user-groups)
- **State Hazard Mitigation Officers:** [www.fema.gov/state-hazard-mitigation-officers](http://www.fema.gov/state-hazard-mitigation-officers)

For more Core Capability Development Sheets, visit [www.fema.gov/fema-technical-assistance-program](http://www.fema.gov/fema-technical-assistance-program).
**MISSION AREA**

**BUILD AND SUSTAIN THE CORE CAPABILITY**

**THREATS AND HAZARDS IDENTIFICATION**

**Description**
Identify the threats and hazards that occur in the geographic area; determine the frequency and magnitude; and incorporate this into analysis and planning processes so as to clearly understand the needs of a community or entity.

1. Identify the threats and hazards within and across local, state, tribal, territorial, and insular area governments and the top 100 Metropolitan Statistical Areas, in collaboration with the whole community, against a national standard based on sound science.

**Training**
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

Description

Conduct a systematic process engaging the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives.

1. Develop operational plans that adequately identify critical objectives based on the planning requirement, provide a complete and integrated picture of the sequence and scope of the tasks to achieve the objectives, and are implementable within the timeframe contemplated in the plan using available resources.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
**Description**

Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard and, as appropriate, the actions being taken and the assistance being made available.

1. Inform all affected segments of society of critical lifesaving and life-sustaining information by all means necessary, including accessible tools, to expedite the delivery of emergency services and aid the public to take protective actions.

2. Deliver credible and actionable messages to inform ongoing emergency services and the public about protective measures and other life-sustaining actions, and facilitate the transition to recovery.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npccatalog](http://www.firstrespondertraining.gov/frt/npccatalog).

► Local Emergency Planning Committees: www.epa.gov/epcra/local-emergency-planning-committees

► National Emergency Management Association: www.nemaweb.org

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
**Description**

Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of Core Capabilities.

1. Mobilize all critical resources and establish command, control, and coordination structures within the affected community, in other coordinating bodies in surrounding communities, and across the Nation, and maintain as needed throughout the duration of an incident.

2. Enhance and maintain command, control, and coordination structures consistent with the National Incident Management System (NIMS) to meet basic human needs, stabilize the incident, and transition to recovery.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npccatalog](http://www.firstrespondertraining.gov/frt/npccatalog).

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description
Stabilize critical infrastructure functions, minimize health and safety threats, and efficiently restore and revitalize systems and services to support a viable, resilient community.

1. Decrease and stabilize immediate infrastructure threats to the affected population, to include survivors in the heavily damaged zone, nearby communities that may be affected by cascading effects, and mass care support facilities and evacuation processing centers with a focus on life-sustainment and congregate care services.

2. Re-establish critical infrastructure within the affected areas to support ongoing emergency response operations, life sustainment, community functionality, and a transition to recovery.

3. Provide for the clearance, removal, and disposal of debris.

4. Formalize partnerships with governmental and private sector cyber incident or emergency response teams to accept, triage, and collaboratively respond to cascading impacts in an efficient manner.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

- National Infrastructure Coordinating Center: https://www.dhs.gov/national-infrastructure-coordinating-center
MISSION AREA

CRITICAL TRANSPORTATION

Description

Provide transportation (including infrastructure access and accessible transportation services) for response priority objectives, including the evacuation of people and animals and the delivery of vital response personnel, equipment, and services into the affected areas.

1. Establish physical access through appropriate transportation corridors and deliver required resources to save lives and to meet the needs of disaster survivors.
2. Ensure basic human needs are met, stabilize the incident, transition into recovery for an affected area, and restore basic services and community functionality.
3. Clear debris from any route type (i.e., road, rail, airfield, port facility, waterway) to facilitate response operations.

MISSION AREA

BUILD AND SUSTAIN THE CORE CAPABILITY

ENVIRONMENTAL RESPONSE/HEALTH AND SAFETY

Description
Conduct appropriate measures to ensure the protection of the health and safety of the public and workers, as well as the environment, from all hazards in support of responder operations and the affected communities.

1. Identify, assess, and mitigate worker health and safety hazards, and disseminate health and safety guidance and resources to response and recovery workers.

2. Minimize public exposure to environmental hazards through assessment of the hazards and implementation of public protective actions.

3. Detect, assess, stabilize, and clean up releases of oil and hazardous materials into the environment, including buildings/structures, and properly manage waste.

4. Identify, evaluate, and implement measures to prevent and minimize impacts to the environment, natural and cultural resources, and historic properties from all-hazard emergencies and response operations.

Training

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Response Framework at https://www.fema.gov/national-response-framework.

▶ Emergency Management Assistance Compact—All-discipline mutual aid compact that serves as the cornerstone of the Nation’s mutual aid system. Offers assistance during governor-declared states of emergency or disaster to assist with response and recovery efforts in other states.

▶ Key strategic personal protective equipment providers—Manufacturers and distributors of medical and safety resources.

▶ State and local emergency management and environmental protection agencies—Manage hazardous materials and debris removal and disposal.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

▶ National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

▶ Emergency Management Assistance Compact: www.emacweb.org

▶ Spill Control Association of America: www.scaa-spill.org

▶ The Safety and Health Foundation: www.safetyandhealthfoundation.org

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description

Provide fatality management services, including decedent remains recovery and victim identification, and work with local, state, tribal, territorial, insular area, and Federal authorities to provide mortuary processes, temporary storage or permanent internment solutions, sharing information with mass care services for the purpose of reunifying family members and caregivers with missing persons/remains, and providing counseling to the bereaved.

1. Establish and maintain operations to recover a significant number of fatalities over a geographically dispersed area.
2. Mitigate hazards from remains, facilitate care to survivors, and return remains for final disposition.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

- National Funeral Directors and Morticians Association: www.nfhma.com

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
**Description**

Provide structural, wildland, and specialized firefighting capabilities to manage and suppress fires of all types, kinds, and complexities while protecting the lives, property, and environment in the affected area.

1. Provide traditional first response or initial attack firefighting services.
2. Conduct expanded or extended attack firefighting and support operations through coordinated response of fire management and specialized fire suppression resources.
3. Ensure the coordinated deployment of appropriate local, regional, national, and international fire management and fire suppression resources to reinforce firefighting efforts and maintain an appropriate level of protection for subsequent fires.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [https://www.firstrespondertraining.gov/frt/npcatalog](https://www.firstrespondertraining.gov/frt/npcatalog) and [https://www.nwcg.gov/publications/training-courses](https://www.nwcg.gov/publications/training-courses).

## Build and Sustain the Core Capability

### Logistics and Supply Chain Management

**Description**

Deliver essential commodities, equipment, and services in support of impacted communities and survivors, to include emergency power and fuel support, as well as the coordination of access to community staples. Synchronize logistics capabilities and enable the restoration of impacted supply chains.

1. Mobilize and deliver governmental, nongovernmental, and private sector resources to save lives, sustain lives, meet basic human needs, stabilize the incident, and transition to recovery, to include moving and delivering resources and services to meet the needs of disaster survivors.

2. Enhance public and private resource and services support for an affected area.

### Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npccatalog](http://www.firstrespondertraining.gov/frt/npccatalog).

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Response Framework at https://www.fema.gov/national-response-framework.

▶ Emergency Management Assistance Compact—All-discipline mutual aid compact that serves as the cornerstone of the Nation’s mutual aid system. Offers assistance during governor-declared states of emergency or disaster to assist with response and recovery efforts in other states.

▶ Incident Management Assistance Teams—Rapidly deployable teams that provide a forward Federal presence to facilitate the management of the national response to catastrophic incidents.

▶ Private sector owner/operators in critical supply sectors—Owners/operators of local grocery, pharmaceutical, medical goods, water, energy, communications, and fuel distribution centers, networks, and/or systems.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

▶ National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

▶ Emergency Management Assistance Compact: www.emacweb.org

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Mass Care Services

Description

Provide life-sustaining and human services to the affected population, to include hydration, feeding, sheltering, temporary housing, evacuee support, reunification, and distribution of emergency supplies.

1. Move and deliver resources and capabilities to meet the needs of disaster survivors, including individuals with access and functional needs.
2. Establish, staff, and equip emergency shelters and other temporary housing options (including accessible housing) for the affected population.
3. Move from congregate care to non-congregate care alternatives and provide relocation assistance or interim housing solutions for families unable to return to their pre-disaster homes.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

<table>

- National Voluntary Organizations Active in Disaster: [www.nvoad.org](http://www.nvoad.org)
- Salvation Army: [www.salvationarmyusa.org](http://www.salvationarmyusa.org)
- United Methodist Committee on Relief: [www.umcor.org](http://www.umcor.org)

For more Core Capability Development Sheets, visit [www.fema.gov/fema-technical-assistance-program](http://www.fema.gov/fema-technical-assistance-program).
The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.

**Description**

Deliver traditional and atypical search and rescue capabilities, including personnel, services, animals, and assets to survivors in need, with the goal of saving the greatest number of endangered lives in the shortest time possible.

1. Conduct search and rescue operations to locate and rescue persons in distress.
2. Initiate community-based search and rescue support operations across a wide, geographically dispersed area.
3. Ensure the synchronized deployment of local, regional, national, and international teams to reinforce ongoing search and rescue efforts and transition to recovery.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npccatalog.

### Description

Ensure a safe and secure environment through law enforcement and related security and protection operations for people and communities located within affected areas and also for response personnel engaged in lifesaving and life-sustaining operations.

1. Establish a safe and secure environment in an affected area.
2. Provide and maintain on-scene security and meet the protection needs of the affected population over a geographically dispersed area while eliminating or mitigating the risk of further damage to persons, property, and the environment.

### Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.

**Description**

Ensure the capacity for timely communications in support of security, situational awareness, and operations, by any and all means available, among and between affected communities in the impact area and all response forces.

1. Ensure the capacity to communicate with both the emergency response community and the affected populations and establish interoperable voice and data communications between Federal, tribal, state, and local first responders.

2. Re-establish sufficient communications infrastructure within the affected areas to support ongoing life-sustaining activities, provide basic human needs, and a transition to recovery.

3. Re-establish critical information networks, including cybersecurity information sharing networks, to inform situational awareness, enable incident response, and support the resilience of key systems.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npccatalog.

MISSION AREA

BUILD AND SUSTAIN THE CORE CAPABILITY

PUBLIC HEALTH, HEALTHCARE, AND EMERGENCY MEDICAL SERVICES

Description

Provide lifesaving medical treatment via Emergency Medical Services and related operations, and avoid additional disease and injury by providing targeted public health, medical, and behavioral health support and products to all affected populations.

1. Deliver medical countermeasures to exposed populations.
2. Complete triage and initial stabilization of casualties, and begin definitive care for those likely to survive their injuries and illnesses.
3. Return medical surge resources to pre-incident levels, complete health assessments, and identify recovery processes.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog and www.train.org.

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.
Example Capability Targets

The example capability targets are an optional resource that jurisdictions can use to complete their Threat and Hazard Identification and Risk Assessments. An example for this Core Capability is below, and additional example capability targets can be requested by emailing FEMA-SPR@fema.dhs.gov.

Deliver medical countermeasures (including vaccines, antivirals, antibiotics, and antitoxins) to (#) residents in the exposed area spanning (#) square miles within (#) hours of a public health emergency.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications. Examples for this Core Capability are below, and additional resources can be found at https://rtlt.preptoolkit.fema.gov.

<table>

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Response Framework at https://www.fema.gov/national-response-framework.

- Emergency Management Assistance Compact—All-discipline mutual aid compact that serves as the cornerstone of the Nation’s mutual aid system. Offers assistance during governor-declared states of emergency or disaster to assist with response and recovery efforts in other states.
- Private health and medical providers—Doctor’s offices, elective/outpatient surgeries, urgent care providers, dental offices, and veterinary services.
- Public health and medical providers—Major hospitals, trauma facilities, medical waste removal services, and fatality management services.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

- Centers for Disease Control and Prevention: www.cdc.gov
- Emergency Management Assistance Compact: www.emacweb.org
- National Association of EMS Physicians: www.naemsp.org/Pages/default.aspx
- Office of the Assistant Secretary for Preparedness and Response: www.phe.gov/about/aspr/Pages/default.aspx

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
The National Preparedness Goal defines the 32 Core Capabilities and can be found at [http://www.fema.gov/national-preparedness-goal](http://www.fema.gov/national-preparedness-goal).

### Description

Provide all decision makers with decision-relevant information regarding the nature and extent of the hazard, any cascading effects, and the status of the response.

1. Deliver information sufficient to inform decision making regarding immediate lifesaving and life-sustaining activities, and engage governmental, private, and civic sector resources within and outside of the affected area to meet basic human needs and stabilize the incident.

2. Deliver enhanced information to reinforce ongoing lifesaving and life-sustaining activities, and engage governmental, private, and civic sector resources within and outside of the affected area to meet basic human needs, stabilize the incident, and transition to recovery.

### Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Response Framework at https://www.fema.gov/national-response-framework.

- Incident Management Assistance Teams—Rapidly deployable teams that provide a forward Federal presence to facilitate the management of the national response to catastrophic incidents.
- Public and private communications providers—Cellular, satellite, internet, and mobile communications systems providers provide emergency communications capabilities to affected areas to restore and rebuild communications infrastructure.
- State, local, and agency Emergency Operations Centers—Support the on-scene response during an escalating incident by relieving the burden of external coordination and securing additional resources.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program:** Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)
- **National Exercise Program:** The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program)
- **Homeland Security Digital Library:** A collection of documents related to homeland security policy, strategy, and organizational management. [www.hsdl.org](http://www.hsdl.org)

Additional Information

- Emergency Management Assistance Compact: [www.emacweb.org](http://www.emacweb.org)
- International Association of Emergency Managers: [www.iaem.com](http://www.iaem.com)
PLANNING

Description
Conduct a systematic process engaging the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives.

1. Convene the core of an inclusive planning team (identified pre-disaster), which will oversee disaster recovery planning.
2. Complete an initial recovery plan that provides an overall strategy and timeline, addresses all core capabilities, and integrates socioeconomic, demographic, accessibility, technology, and risk assessment considerations (including projected climate change impacts), which will be implemented in accordance with the timeline contained in the plan.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Disaster Recovery Framework at https://www.fema.gov/national-disaster-recovery-framework.

» Federal Emergency Management Agency—Community Planning and Capacity Building Recovery Support Function provides the primary point of coordination of Federal and national partner support for community-based recovery planning post-disaster.

» Regional Planning Commissions—Coordinate state, local, non-profits, and private sector partners to promote inclusive and sound decision-making for development planning across political boundaries.

» State or Tribal Disaster Recovery Coordinators—Responsible for the state or tribal nation structure for managing recovery and providing support for local recovery-dedicated organizations before, during, and after disasters.

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

» National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

» Pre-Disaster Recovery Planning Guide for Local Governments: www.fema.gov/media-library/assets/documents/129203

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description
Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard and, as appropriate, the actions being taken and the assistance being made available.

1. Reach all populations within the community with effective actionable recovery-related public information messaging and communications that are accessible to people with disabilities and people with limited English proficiency; protect the health and safety of the affected population; help manage expectations; and ensure stakeholders have a clear understanding of available assistance and their roles and responsibilities.

2. Support affected populations and stakeholders with a system that provides appropriate, current information about any continued assistance, steady state resources for long-term impacts, and monitoring programs in an effective and accessible manner.

Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Disaster Recovery Framework at https://www.fema.gov/national-disaster-recovery-framework-0.

- **Agency/office responsible for emergency alerts**—Public communication tools are used to disseminate information about serious emergencies. These include the Emergency Alert System, Wireless Emergency Alerts, the Integrated Public Alert & Warning System, and others.
- **Local law enforcement and public safety offices**—Valuable information and data, specialized resources, threat assessments, and subject matter experts.
- **Voluntary Organizations Active in Disaster**—Whole community, nongovernmental, and faith based partners (American Red Cross, Salvation Army, and other national or local support organizations).

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program**: Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)

BUILD AND SUSTAIN THE CORE CAPABILITY

MISSION AREA

OPERATIONAL COORDINATION

Description

Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of Core Capabilities.

1. Establish tiered, integrated leadership and inclusive coordinating organizations that operate with a unity of effort and are supported by sufficient assessment and analysis to provide defined structure and decision-making processes for recovery activities.

2. Define the path and timeline for recovery leadership to achieve the jurisdiction’s objectives that effectively coordinates and uses appropriate local, state, tribal, territorial, insular area, and Federal assistance, as well as nongovernmental and private sector resources. This plan is to be implemented within the established timeline.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npccatalog.

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
**Description**

Stabilize critical infrastructure functions, minimize health and safety threats, and efficiently restore and revitalize systems and services to support a viable, resilient community.

1. Restore and sustain essential services (public and private) to maintain community functionality.
2. Develop a plan with a specified timeline for redeveloping community infrastructures to contribute to resiliency, accessibility, and sustainability.
3. Provide systems that meet the community needs while minimizing service disruption during restoration within the specified timeline in the recovery plan.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

## Description

Return economic and business activities (including food and agriculture) to a healthy state, and develop new business and employment opportunities that result in an economically viable community.

1. Conduct a preliminary assessment of economic issues and identify potential inhibitors to fostering stabilization of the affected communities.
2. Return affected area’s economy within the specified timeframe in the recovery plan.
3. Ensure the community recovery and mitigation plan(s) incorporates economic revitalization and removes governmental inhibitors to post-disaster economic sustainability, while maintaining the civil rights of citizens.

## Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at [www.firstrespondertraining.gov/frt/npcatalog](http://www.firstrespondertraining.gov/frt/npcatalog).

The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.

**Description**

Restore and improve health and social services capabilities and networks to promote the resilience, independence, health (including behavioral health), and well-being of the whole community.

1. Identify affected populations, groups, and key partners in short-term, intermediate, and long-term recovery.
2. Complete an assessment of community health and social service needs; prioritize these needs, including accessibility requirements, based on the whole community’s input and participation in the recovery planning process; and develop a comprehensive recovery timeline.
3. Restore health care (including behavioral health), public health, and social services functions.
4. Restore and improve the resilience and sustainability of the health care system and social service capabilities and networks to promote the independence and well-being of community members in accordance with the specified recovery timeline.

**Training**

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npccatalog and https://www.train.org/main/search?type=course.

Establish temporary medical, public health, behavioral health, and social service functions for (#) residents over a (#)-square-mile area for (#) days of an incident until permanent services are restored.

Resource Types

The Resource Typing Library Tool is a searchable database of national resource typing definitions and position qualifications. An example for this Core Capability is below, and additional resources can be found at https://rtlt.preptoolkit.fema.gov.

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Disaster Recovery Framework at https://www.fema.gov/national-disaster-recovery-framework-0.

- Public and private health and medical providers—Major hospitals, mental Health Counselors, trauma facilities, medical waste removal services, and fatality management services.
- U.S. Health and Human Services (HHS), Office of Human Services Emergency Preparedness and Response—Promotes resilience for individuals, families, and communities impacted by disasters by providing expertise in human services policy, planning, operations, and partnerships.
- Voluntary Organizations Active in Disaster—Whole community, nongovernmental, and faith based partners (American Red Cross, Salvation Army, and other national or local support organizations).

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- **Homeland Security Exercise and Evaluation Program**: Consists of fundamental principles that frame a common approach to exercises. [https://preptoolkit.fema.gov/web/hseep-resources](https://preptoolkit.fema.gov/web/hseep-resources)
- **National Exercise Program**: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. [www.fema.gov/national-exercise-program](http://www.fema.gov/national-exercise-program)
- **Homeland Security Digital Library**: A collection of documents related to homeland security policy, strategy, and organizational management. [www.hsdl.org](http://www.hsdl.org)

Additional Information

- **American Academy of Pediatrics—Children in Disasters**: [www.aap.org](http://www.aap.org)
- **HHS, Office of Human Services Emergency Preparedness and Response**: [www.acf.hhs.gov/ohsepr](http://www.acf.hhs.gov/ohsepr)

For more Core Capability Development Sheets, visit [www.fema.gov/fema-technical-assistance-program](http://www.fema.gov/fema-technical-assistance-program).
The National Preparedness Goal defines the 32 Core Capabilities and can be found at http://www.fema.gov/national-preparedness-goal.

### Description
Implement housing solutions that effectively support the needs of the whole community and contribute to its sustainability and resilience.

1. Assess preliminary housing impacts and needs, identify currently available options for temporary housing, and plan for permanent housing.
2. Ensure community housing recovery plans continue to address interim housing needs, assess options for permanent housing, and define a timeline for achieving a resilient, accessible, and sustainable housing market.
3. Establish a resilient and sustainable housing market that meets the needs of the community, including the need for accessible housing within the specified timeframe in the recovery plan.

### Training
Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.

<table>

Partners

Information and resources necessary to deliver capabilities are often owned by other organizations. Example partners for this Core Capability are below, and additional information can be found in the National Disaster Recovery Framework at https://www.fema.gov/national-disaster-recovery-framework-0.

- Local apartment, hotel, and lodging industry—Short-term housing and alternative housing solutions.
- U.S. Department of Housing and Urban Development (HUD)—Provides disaster resources and partners with state and Federal agencies to help implement disaster recovery assistance.
- Voluntary Organizations Active in Disaster—Whole community, nongovernmental, and faith based partners (American Red Cross, Salvation Army, and other national or local support organizations).

Validating

Exercises and real-world events validate capabilities and are opportunities to identify areas of success or needs for improvement. Specific tools to validate your capabilities are described below:

- National Exercise Program: The principal mechanism for validating the Core Capabilities. Jurisdictions can receive technical assistance and support from subject matter experts. www.fema.gov/national-exercise-program

Additional Information

- Disaster Debris Recovery Database: https://www.epa.gov/large-scale-residential-demolition/disaster-debris-recovery-database
- National Voluntary Organizations Active in Disaster: www.nvoad.org
- Small Business Administration: https://www.sba.gov/loans-grants/see-what-sba-offers/sba-loan-programs/disaster-loans

For more Core Capability Development Sheets, visit www.fema.gov/fema-technical-assistance-program.
Description

Protect natural and cultural resources and historic properties through appropriate planning, mitigation, response, and recovery actions to preserve, conserve, rehabilitate, and restore them consistent with post-disaster community priorities and best practices and in compliance with applicable environmental and historic preservation laws and Executive orders.

1. Implement measures to protect and stabilize records and culturally significant documents, objects, and structures.
2. Mitigate the impacts to and stabilize the natural and cultural resources, and conduct a preliminary assessment of the impacts that identifies protections that need to be in place during stabilization through recovery.
3. Complete an assessment of affected natural and cultural resources, and develop a timeline for addressing these impacts in a sustainable and resilient manner.
4. Preserve natural and cultural resources as part of an overall community recovery that is achieved through the coordinated efforts of natural and cultural resource experts and the recovery team in accordance with the specified timeline in the recovery plan.

Training

Build or sustain this Core Capability with the example trainings below. Additional trainings for this Core Capability can be found at www.firstrespondertraining.gov/frt/npcatalog.
