(L-RALJ)**

**LOCAL APPEAL RULE 6.2**

- (c) Form of Designation.** A designation of the record to be transmitted to Superior Court on appeal must specifically identify each document or exhibit the party wishes transmitted. The electronic record will not be transmitted to Superior Court absent a specific Superior Court order. The electronic record will be provided to a party for review or transcription as provided in RALJ 6.3 and RALJ 6.3A.
- (d) Failure to Designate the Record.** The Court will advise Superior Court in writing if a party fails to designate the portions of the record necessary for review as provided in RALJ 6.2(a). Failure to designate the record may be considered a failure to diligently pursue the appeal and cause the court to revoke any stay of enforcement of the judgment under RALJ 4.2 and RALJ 4.3.
