Notes			
1	The type and duration of office visits should be appropriate to the level of care needed to accomplish screening or diagnostic follow-up within WISEWOMAN. Telehealth visits should be recorded using the appropriate E/M visit codes. Visits are limited to initial screening visit, a maximum of one visit for abnormal or alert lab values, and one follow-up visit post-completion of LSP/HBSS program.		
2	Clients must meet screening thresholds for CDC-recognized DPP. DPP consists of 16 core sessions followed by 6 months of follow-up. Clinics must complete the follow visit within 6-8 weeks of final 16 week session to include the associated labs. DPP providers may be reimbursed using this code for each session attended during the 16 core sessions.		
3	Must be a CDC-approved BPSM 4 month program. For Health Coaching w/BPSM, see below.		
4	Health Coaching programs must be pre-approved by DOH and CDC before implementation. Maximum of 9 sessions for Health Coaching -Big 4- Great 8, maximum of 4 sessions for Health Coaching - BPSM, Maximum 16 session for DPP-Health Coaching		
5	Risk Reduction Counseling. This code may only be billed when the Risk Reduction Counseling does not occur in the E/M coded visit. Risk Reduction Counseling must occur for every WISEWOMAN enrollee and must address the identified areas of concern noted on the Baseline Assessment as well as a referral to HBSS.		
6	These codes apply to DPP and BPSM only. Does not include any Health Coaching modules.		
7	Labs are required for Screening Visit and Risk Reduction Counseling. Follow up visit labs, post HBSS, must be medically necessary and only ordered as needed.		

* The type and duration of office visits should be appropriate to the level of care needed to accomplish screening and diagnostic follow-up within WISEWOMAN. Reimbursement rates should not exceed those published by Medicare. While some programs may need to use 993XX-series codes, 993XX Preventative Medicine Evaluation visits are not appropriate for WISEWOMAN. 9938X codes shall be reimbursed at or below the 99203 rate, and 9939X codes shall be reimbursed at or below the 99213 rate.

Note: CPT® codes and descriptions only are copyright 2021 American Medical Association (AMA). All rights reserved. The WISEWOMAN Fee Schedule does not contain full text descriptions of HCPCS or CPT® codes and modifiers. Providers must bill according to the full text descriptions published by the AMA and the Centers for Medicare & Medicaid Services (CMS). When applicable, reimbursement is based on Medicare rules and may not exceed Medicare rates. WISEWOMAN uses locality code 2 and CBSA code 42644 for the King County area to calculate reimbursement rates for the state.
