Purpose of the Position:

A Community Health Specialist provides and manages health education programs and works on initiatives that help individuals and families, throughout Yakima County, maximize and maintain healthy lifestyles.

Essential Job Functions:

This professional is responsible for performing the tasks as follows:

- Collect and analyze data to identify community needs prior to planning, implementing, monitoring, and evaluating programs designed to encourage healthy lifestyles, policies, and environments;
- Develop and present health and promotional programs, workshops, informational sessions to medical providers, schools, community members, and fellow health professionals;
- Make decisions, solve problems, analyze information and evaluate results to choose the best solutions to frequent health concerns;

- Develop, prioritize, implement and monitor program or project goals and objectives;
- Collect statistical data, maintain records, prepare reports;
- Interpret the meaning of information for others by explaining what the information means and how it may be used to address health concerns;
- Evaluate information and data to ensure deliverables are in compliance with regulations, grant requirements, and mandated laws;
- Update technical knowledge and apply new information to the job;
- Present complex regulations and guidelines in writing and verbally in a clear and concise manner to a diverse population, some with limited English skills;
- Develop a network of organization and community partners interested in sponsoring educational and informational campaigns specific to improved health.

Knowledge and Abilities:

- A Bachelor's degree in public health, education, public administration or a related field;
- Two (2) years of experience providing public health program services or education to the community, service agencies, or health providers
- An equivalent amount of experience may substitute for education on a one for one basis;
- Knowledge of leadership, program management, and oversee service deliverables;
- Must be proficient in the use of Microsoft Suites software including Outlook, Excel, Word, and PowerPoint (or Adobe);
- Establish and maintain effective, courteous and respectful interpersonal relationships with internal and external colleagues, partners, clients, and the general public, to include communicating with a difficult or disruptive customer
- Ability to communicate effectively with a very diverse workforce and community
- Ability to speak, read, write English is required; ability to speak **Spanish is Highly Desired.**

Working Conditions/Physical Conditions:

- The majority of this work is conducted indoors in an office, meeting rooms, or community facilities;
- Frequent use of a computer that involves viewing a computer screen, and frequent wrist movements;
- Frequent travel throughout the county and on occasion to regional meetings in the state;
- Must be able to obtain a valid Washington State driver's license within 30

days of employment and possess auto insurance, or be able to demonstrate the ability to travel throughout the county during adverse weather conditions;

- The successful candidate will be required to complete a thorough background investigation which includes the review of the individual's criminal history
- Must be able to legally work in the United States as a citizen or possess appropriate immigration paperwork;
- Must prove or obtain immunity to measles, mumps, rubella and varicella diseases within thirty days of employment;
- Must be current with pertussis immunization within thirty (30) days of employment.
