Informational Notice to Titles on Property Served

The Washington State Department of Health and local health jurisdictions share administration of drinking water regulations. Contact your local health jurisdiction to determine which agency has administrative responsibility.

This property is served by a Group B public water system that received (check box that applies):

- Design approval under chapter 246-291 Washington Administrative Code from the Washington Department of Health
- Design approval under chapter 246-291 Washington Administrative Code or a local code from the _____ (local health jurisdiction)

When this water system was approved

Water System Name	
Water System Identification Number	
Water System Owner and address	

Record the parcel numbers of all parcels approved to be served by this water system.

Full legal descriptions for each parcel must be attached to this document.

1.	6.
2.	7.
3.	8.
4.	9.
5.	10.

There are legal limits on the volume of water that can be withdrawn from the ground, and there may be limits on the total area that can be irrigated from this water system. Based on the design of this water system, each of the above parcels is permitted to irrigate no more than

_____ square feet of lawn and garden. This limitation runs with the land and is not transferable to another property.

This water system has been granted one or more exceptions from specific provisions of the regulations, or a waiver (check all boxes that apply):

- No exceptions or waivers were granted.
- A reduction in sanitary control area from 100 feet to _____ feet was approved.
- An exception or waiver was granted (describe) _____.

The capacity of the water supply for this water system was tested and (check the box that applies):

- Determined to yield more than five gallons per minute.
- Determined to yield five gallons per minute or less, and a low water supply contingency plan is available for review.

Some small water systems are required by the local fire authority to provide fire suppression capacity. This water system (check box that applies):

- Is designed and constructed to provide fire suppression.
- Is not designed and constructed to provide fire suppression.

Ownership and/or operation and management by a Satellite Management Agency (SMA) were required at the time this water system was approved, provided an SMA was available at the time of approval (check box that applies):

- The name of the SMA is: _____.
- No SMA was available when this water system was approved. This requirement may be applied at any time in the future.

When this water system was approved, the financial plan indicated the following water rate structure would be implemented (check all boxes that apply):

- All customers are metered.
- Water will be billed based on metered use.
- Water bills will be issued every _____ months.
- The water rate will be \$ _____ every billing cycle,
plus \$ _____ per _____ 1,000 gallons/100 cubic feet (circle one).
- The method for establishing the annual water system budget is attached.
- The process for funding a water system reserve account is attached.
- Other _____.

Routine water quality sampling is encouraged, but not required. At the time of approval, the owner of the water system (check box that applies):

- Intends to conduct the following routine water quality sampling.

Analyte and Location	Frequency	Reporting Results
<i>e.g., coliform bacteria in the distribution system</i>	<i>e.g., every three months</i>	<i>e.g., by phone within 24 hours</i>

- Does not intend to conduct any routine sampling.

When this water system was approved (check box that applies):

- The source is not treated for a secondary contaminant (i.e., a contaminant that affects the aesthetic quality of the water, such as iron or manganese).
- The source is treated for a secondary contaminant. The secondary contaminant being removed from the well is _____.

When this water system was approval, a water users' agreement (check box that applies):

- Exists and a copy can be obtained from _____.
- Was not prepared.

Describe the public notification procedure(s) that will be used to communicate with customers:

- By phone or email (assumes the maintenance of an accurate phone or email list).
- By posting to each customer's property (door hanger).
- Other: _____.
