To whom it may concern,

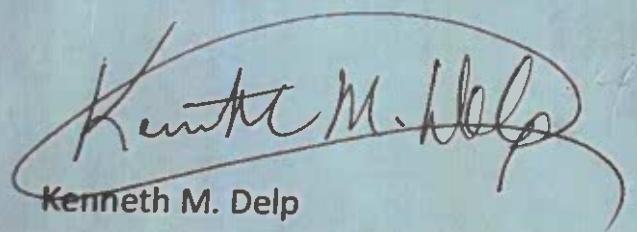

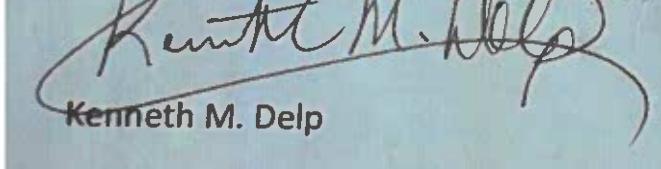

Case No.: LRN25-023  
Assigned To: Aaron

My name is Dr. Kenneth Delp D.C. I currently reside at parcel# 2111131-24007 ( 13810 Yakima Valley Hwy. Zillah, Wa 98953 ).

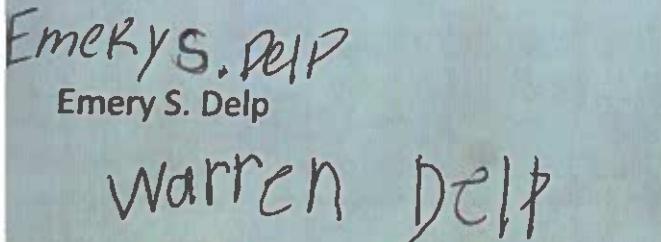

Roughly 10 years ago I hired Attorney Patrick Andriotti to represent my family's interest in our property which we attended the public hearing at that time and voiced our interest in keeping the property as it is now via council. I hired professional's to help with the plotting and design of the commercial and residential zoning to fit the county and city of zillah's overall mapping.

We strongly and kindly ask the council to leave our property in the UGA as this has been my family's retirement plan. Taking our property out of the UGA significantly devalues the property, makes the time and money we spent years prior nullified and will have a significant financial burden on us as this has been planned for years as part of our long-term plan.
